Synthesis:

By the end of undergraduate studies, the student is expected to have a broad and thorough understanding of the musical processes related to performance, history, composition, improvisation, repertoire, pedagogy, as well as be able to visually recognize, aurally label, and verbally describe (using appropriate syntax) them.

Results:

The students must demonstrate achievement of professional, entry-level competence in the major area, including significant technical mastery, capability to produce work and solve professional problems independently, and a coherent set of artistic/intellectual goals that are evident in their work. **BM students are required to produce a senior recital (this is highly encouraged of BME and BA students).** Students are expected to be able to form and defend value judgments about music and to communicate these ideas to professionals and laypersons. **Students are required to write program note for recitals, and to include verbal notes during UDRPs, master classes, and recitals.**

Recital Requirements:

- 1) All music majors are required to pass an Upper Division Recital Performance (UDRP) during their sophomore year. It will consist of two contrasting pieces. Performance majors must memorize one of the pieces. The UDRP should be approximately 15 minutes.
- 2) Junior Recital: required of all performance majors (30 minutes of music) – this recital is shared with another student.
- 3) Senior Recital: required of all performance majors (ca 60 minutes of music).
- 4) BME and BA Student Recitals Any music major or minor may give a recital their senior year with instructor permission. Most music education majors and music BA's perform a half recital (see junior recital) or full recital (see senior recital). This is not a degree requirement, but it is highly encouraged and part of the senior year saxophone grade.

Make-up lessons:

- 1) Lessons that are cancelled due to instructor absence (exceptions above) or excused student absence will be made up at the convenience of the student and the instructor.
- 2) Instructor reserves the right to not make up lessons cancelled due to unexcused student absence.
- 3) No more than two make up lessons are allowed per semester. More than two unexcused absences will result in an 'F' for the semester.
- 4) Lessons cancelled due to holidays or school of music related events will not be made up (talk to instructor prior to event).

Grading and Assessment:

- 1) plan for the semester will be developed at the beginning of the semester in collaboration between instructor and student.
- 2) Student will be graded each week on the quality, consistency, and quantity of preparation for each lesson.
- 3) Every saxophone performance is graded (masterclasses/recitals/etc).
- 4) Student's general attitude will also be considered.
- 5) All saxophone majors will perform in front of the woodwind faculty as part of their jury at the end of each semester. The jury grade cannot affect the lesson grade by more than one letter grade.
- 6) BME and B music majors must give at least a half recital their senior year in order to qualify for an 'A' in saxophone.
- 7) Student attendance on departmental, studio classes, lessons, juries, and recitals are taken into consideration and may affect your grade.
- 8) midterm conference will be held to discuss the student's progress, though students may discuss grading at any time with the instructor.
- 9) Failure to return university equipment will result in an 'Incomplete' grade until the equipment has been returned.

= Highest level of achievement: The student has consistently prepared for each lesson, has displayed professionalism, and has made superior progress in all aspects of technique, musicality, and creativity. The student has completed the amount of material the teacher feels is necessary for substantial progress.

= Good achievement: The student has displayed high levels of preparations and progress, and has completed an acceptable amount of literature.

= Improvement is recommended: The student is making some progress, but is not working to his/her potential or to instructor expectations.

= Poor: More practice is recommended and the grade must be brought up in order to remain in the program. Probationary status in the saxophone studio will be in effect until progress is made. The student may be recommended to change majors.

Failing: A student receiving a failing grade will not be permitted to remain in the saxophone studio and a change of major is recommended.
