UM SCHOOL OF PHARMACY FEATURES OVER-THE-COUNTER DRUG INFORMATION FAIR
MISSOULA--

Even medications for the common cold can be tricky substances. For those individuals with questions about cold medications and other over-the-counter preparations, University of Montana pharmacy students will be on hand to answer those queries Friday, Feb. 25, from 10 a.m. to 3 p.m. in the University Center Mall and Saturday, 11 a.m. to 4 p.m. at Southgate Mall.

The information fair will feature displays prepared by the pharmacy students containing information on non-prescription medications such as sedatives, vitamins, cough and cold medicines, antacids and sun screens. Students will answer questions about contraceptives, vitamins, acne aids, anti-obesity substances, and topical and internal analgesics.

The drug information fair is sponsored by Kappa Epsilon for the UM School of Pharmacy.
