Transcript of Radio Tape of Senator Mike Mansfield

30th Anniversary Greetings to KGHL
Billings, Montana
May 29, 1958
Length - 1:33 minutes

This is Mike Mansfield, your junior United States Senator, speaking. I am taking this opportunity to extend my heartiest greetings to the staff and all the fine folks living in Billings and the surrounding area on the occasion of Station KGHL's 30th anniversary.

KGHL is to be commended for the fine public service it has extended to the Midland Empire. The people of eastern Montana have enjoyed 30 years of fine radio listening because of Station KGHL. The Midland Empire is ever growing, and its diversified industry is constantly expanding. Billings and the surrounding area is one of the finest business centers in the entire Northwest, and its influence is felt in all directions and in other States. KGHL has played an important role in making this part of Montana what it is today and will play an important role in the future in developing the possibilities inherent in our great State. Radio is essential to most Montanans, and I know that KGHL will continue to do the excellent job of reporting the news and entertaining the public in the future that it has in the past.

Congratulations and good luck to all at KGHL.
