John,

Thanks. I just added you the list of people I'll contact when I'm done with my thesis. I plan to post it on my website.

Tristan,

I have no problem with you using the photo. Please send me your thesis when completed as I would like to read it. Thanks.

John K.

Hi John,

A few months ago, you gave me permission to use one of your sheep interaction photos on my website. Could I also use it in my thesis? I'm working on formatting, but my thesis probably won't be ready until around March. Thanks.

Justin,

Yeah, I determined those are goats, and I captioned the photo on my website as such.
