The crowd cheers as halfback Rick Strauts (34) plants the pigskin for six points in the Grizzlies' 21-7 victory over the University of Pacific. Grizzlies, Howard (70), White (60), and Sparks (52) applaud the touchdown.

"Stay out of my way . . . please!"

The University of Montana began the 1967 football season with an all new coaching staff, many new transfers, and a new winning spirit. Under the direction of Coach Swarthout the Grizzlies' season was the best in the last thirty years. Conference standing also improved—the Grizzlies tied with University of Idaho for second place.

In the first game of the new season the Grizzlies opposed the University of North Dakota Sioux in Grand Forks. The Sioux quickly established a 14-0 lead in the game. The Grizzlies rallied and raised the score to 14-13 by half-time. The score remained unchanged for the rest of the game until, in the last seven minutes, Steiner completed a touchdown pass. The 19-14 win gave the Grizzlies their needed inspiration.

The following weekend the Grizzlies exhibited their obstinate defense against the University of South Dakota Coyotes. The Coyotes scored first with a field goal. Late in the half the Grizzlies responded and scored 7 points at the end of a long drive. Each team played a strong defense in the second half. The Coyotes, threatening to score again at the close of the game, were stopped by the Grizzlies and the game ended 7-3.

The Grizzlies met Weber State at Ogden on September 30 to begin conference play. Montana scored 6 points in the first quarter and held the Wildcats scoreless. In the second quarter the situation was reversed—Weber scored 6 points and held the Grizzlies. In the third period, Montana completed a drive from their own 20 yard line to score 7 points. Late in the game Weber scored a touchdown but failed to get the extra point. The game ended with a 13-12 victory for the Silvertips.

The Grizzlies made their home field debut against the University of Pacific Tigers October 7. The only score in the first half was by Ron Baines—an 83 yard punt return for the touchdown and the extra point. The Tigers scored 7 points in the third quarter. Montana scored twice in the fourth quarter to clinch the game for the Silvertips 21-7 and establish a four-game winning streak, unequalled since 1937.

The Grizzlies and the Vandals of University of Idaho rattled before the ABC cameras at Dornblaser Field, October 14. The Vandals scored a touchdown and two field goals in the first half and left the Grizzlies scoreless. The Silvertips responded with two touchdowns and the extra points to raise the score to 14-12. Montana was unable to maintain the lead as Idaho struck back with another touchdown, winning the game 19-14.

Homecoming weekend, October 21-23, the Grizzlies trampled the Bengals of Idaho State 20-0. Montana scored 6 points in the first quarter and 14 in the third quarter. The victory provided a fine display for the alumni and visiting dignitaries.

Still on the home field October 28, the Grizzlies met Northern Arizona State, ranked 8th in small colleges. After a scoreless first quarter both teams made all of their points in the second quarter. Montana scored 3 points for a field goal and 7 points for a touchdown and the kick. The Grizzlies held the Lumberjacks to 7 points and won the game 10-7.

November 4 the Grizzlies traveled to Bozeman to meet traditional rivals Montana State. The first quarter ended scoreless but with the Bobcats in scoring position. The Bobcats immediately scored 7 points in the second quarter and then scored another 7. In the third quarter the Grizzlies scored a touchdown for 6 points and converted for 2. The end of the fourth quarter left the Grizzlies threatening to score, however, after several attempts the Grizzlies failed to add the extra points. The Bobcats did not score again, but won the fray 14-8.

Montana met Utah State, November 11, on the Aggies' home field. Both teams scored in the first quarter and Utah scored again in the second quarter to end the half 14-7. Both teams scored in the third quarter, concluding the scoring in that game, and giving the win to Utah State 20-14. For the final game of the season Montana traveled to Portland to meet Portland State. The Grizzlies scored twice in the first quarter for a total of 14 points. In the next quarter the Silvertips accumulated 21 additional points to complete the half 35-0. Montana scored again in the third quarter as did Portland, raising the score to 42-7. They scored an additional 15 points in the fourth quarter to win the game 55-7. A fine finish—Congratulations, Grizzlies.

Outstanding Grizzlies

Willie Jones was selected as the 1967 male athlete of the year by the U of M Alumni Association. He was chosen for his performance in track last spring. A versatile athlete, Jones has been equally outstanding in football.

Bob Beers, one of U of M's junior college transfers, earned honors as the Associated Press All-Conference Defensive Player of the Year and also made AP Little All-America. Beers has been a valuable addition to the Grizzly team this year.

Jack Swarthout, U of M's new head football coach, was named Big Sky Conference College Football Coach of the Year by the AP sports writers. Rejuvenating the old Grizzly spirit in Missoula, Swarthout raised the Grizzlies from a 1-8 season in 1966 to a 7-3 record in 1967.

Fall Activities

Freshman Camp

Father Ferguson, one of the main speakers at Freshman Camp, stands before the group and adds a note of humor as he summarizes the activities of the camp in an enjoyable resume.

Ninety freshmen men and women managed to finish their last minute packing a few days early in order to attend Freshman Camp, September 14 to September 16. George Cross, advisor, Karol Kramer, camp chairman, and John Gilbert, counselor, made the arrangements for Freshman Camp which was held at Camp Paxson on Seeley Lake. At Freshman Camp, new students have the opportunity to learn about campus politics, activities, and organizations. They also have a chance to meet and get acquainted with their future classmates and associates.

Sentinel Editor, Carol Nelson, admires the early morning beauty of Seeley Lake.

Terry Krebs experiences one of the rewards of a counselor as he takes an early morning plunge into the icy waters of Seeley Lake.

Campus patrolman, Lester J. Gilljillan, watches as U of M students quickly deplete their checking accounts during registration.

Registration is not only hard on students, but also exhausting for faculty members. Dr. Richard M. Boehmler and Dr. Charles D. Parker rest after their day of work.

Project America '67 Presents "The Now People"

"Their Eminence," an exciting new duo featuring Ben Short and Dave Rene, performed in concert with "The 5th Dimension" on September 23 in the Field House.

"The 5th Dimension" offer a modernistic approach to pop music. Their repertoire of songs runs from soul to pop, all of which are done in their unique "five dimension" style.

William Grand, professional photographer, talks with Andrea Grawman after his show as part of "Project America".

"The New Lost City Ramblers," a folk singing group, performed on October 1 as part of "The Now People" program.

"The Now People" program was brought to U of M to inform students of what is happening *now!* Presented in this program were "The New Lost City Ramblers", William H. Grand, Andy Warhol, Dick Gregory, Colin Wilson, Howard McCord, Earl Ganz, and Sister Madeline DeFrees.

"The New Lost City Ramblers", a folk singing group have sparked a new interest in traditional southern mountain music. They featured old time string band music of the 1920's and 30's but also included music from earlier periods. Members of the group are John Cohen and Tracy Schwartz, who play banjo and guitar and Mike Seeger who plays mandolin, autoharp, banjo, fiddle, and guitar.

William H. Grand is a professional photographer who also uses his camera for personal visualization. In his show entitled "Inner Space" projected images are accompanied by music or other sound. The viewer sees and feels at the same time. His show may be considered a combination of audio-electronic and chemico-electronic artistry which is relatively new in the creative process.

The biggest put-on on campus this year was the Andy Warhol hoax. Allen Midget, an imposter, presented Mr. Warhol's program and was not detected until 3 months later. Andy Warhol himself has become a legend in Pop Art. He paints the gamey glamour of mass society that characterizes the "cool-it" generation. He lives in a three-story house that is crammed with such "eccentrically elegant artifacts" as old carousel horses, a carnival punching bag machine, a giant wooden coke bottle, and a crushed car sculpture.

Dick Gregory, comedian, author, lecturer, and actor, is a man with a message—a message of freedom and equality not only for the Negro, but for the entire human race. In his fight against hate, Gregory uses his complete personal dedication and his sharp sense of humor as his only weapons. In addition to being a leader in the Negro's fight for equality, Dick Gregory is a top television star and also a star of stage and motion pictures.

Colin Wilson, a British innovator, philosopher, critic, and novelist has recently made his home in America where he continues to write voluminously. The publication of his first book, *The Outside*, a sharp criticism of modern civilization, created a literary sensation. He has been called the "Elder Statesman of the Angry Young Men" and the "British Dostoyevsky".

Poet, Howard McCord, is an assistant professor of English at Washington State University and teaches courses in poetry, mythology, and Eastern civilizations. He spent the summer of 1965 in India and Nepal on a Fulbright Grant and has since edited an anthology called *New Indian Poets*, soon to be published.

Earl Ganz, fiction writer, has published stories and articles in "New World Writing", "Activist", "Escapade", "Nugget", and "Arena". He is currently an assistant professor of English and director of creative writing at U of M. Sister Madeline DeFrees has published short stories, reviews, and articles in such magazines as "Saturday Review", "Saturday Evening Post", "New York Times", and others. She is currently a visiting associate professor of English at U of M.

Student Government

Central Board is the head of our student government and carries out its responsibilities through a set-up of boards and committees. Currently there are 21 boards and committees, but others may be added at any time. Last Spring, the student body voted to amend the constitution and add 14 commissioners as members of Central Board. These Commissioners are heads of boards and act as liaisons between Central Board, the University departments, and the various areas of interest they represent.

Each class is represented on Central Board by three delegates, chosen in an election by members of that class.

Missoula Affairs

The Missoula Affairs Commission acts as a liaison between the University of Montana and the City of Missoula. This commission meets with The Chamber of Commerce, The City Council, Mayor Shoup, and The Chief of Police, to hear their ideas and suggestions for the betterment of relations between Missoula and the University.

From left: Row 1—Lesley Pryne and Robin Brown. Row 2—David Proffitt and Montie Magruder, Commissioner.

Field House and Physical Plant

The purpose of the Physical Plant Commission is, like all other commissions, to act as a liaison between the students and the administration. In promoting understanding among all parties, this board of student representatives works directly with Mr. Parker, the head of the Physical Plant, and studies various problems which might arise throughout the year in building and ground maintenance. During the nine-month period the members and the administrative personnel get acquainted, and the students begin to understand the difficulties and complexities of maintenance.

The commissioner is a voting delegate to Central Board and tries to establish a rapport with the Plant specialists so that problems, when they arise, can be handled quickly, efficiently, and with a minimum of difficulty.

Associated Women Students

During Snow Weekend a "snow-detail" was commissioned to import the essential material.

AWS has a three fold purpose: to provide democratic representation, to provide activities and service for the university coed, and to enable university women to govern themselves.

On the basis of democratic representation, each women's living group elects one representative for every fifty girls living there. These representatives, the AWS officers, and the committee chairmen comprise the AWS Senate. The Senate is concerned with the service and activity functions of AWS. These functions are carried out through a committee system which presents the AWS image to the campus. At present twelve committees form the foundation of AWS: Big-Little Sister, Job Opportunities, Lantern Parade, Miss U of M, Snow Weekend, Public Relations and Publicity, Special Activities, Fund Raising, Transfer Program, Rules and Regulations, Women's Week and The Mature Student.

AWS is also the governing body for rules concerning women students at U of M. The rules are made by the coeds themselves in cooperation with the Rules and Regulations Committee of the Senate and are passed only by a majority vote.

Alumni Board

From left: Dave Laursen, Dan Foley, Commissioner; Frank Spencer, Raynee Schaffer, Cathy Koppang, Wayne Nayematsu, and John Lyons.

The Alumni Board works closely with the Alumni Association. One of its main functions is to attract outstanding students and faculty to the University.

Traffic Board

The Traffic Security Board consists of Faculty, Students and Physical Plant representatives who act as a court solely for appeals concerning campus traffic violations. Any student who feels that he has been unjustly fined may receive a fair hearing. The most important aspect of this body is that the alleged violator is judged by his peers.

From left: Row 1—Marshall Dennis, George Cross, Bill Schaffer, and J. A. Parker. Row 2—Steve Oke, Gary Thogersen, and Chuck Briggs, Commissioner.

Budget and Finance serves as the treasury branch of Central Board. It reviews the fiscal policies of ASUM committees, allots necessary funds as approved by Central Board, and hears budget requests from more than twenty-five organizations. This committee controls over \$225,000 in student activity fees.

Planning Board

The Planning Board is a major part of the University's student government. The board is responsible for administrative work and long-range structural and constitutional plans for the coordination of ASUM activities.

From left: Row 1—Ginny Hawker, Raynee Schaffer, Meg Latold, and Charlotte Stockard. Row 2—Bruce Whitehead, Commissioner; Peter Formuzzi, Advisor; Bob Anderson, Bill Schaffer, and Ed Leary.

Store Board

From left: Edwin Briggs, Fred Henningsen, Vince Wilson, Janeanne Lundborg, Morris McCollam, Manager; Connie Ferkin, Trudy Nottingham, George Redding, Richard Boebmler, Tom Wilkins, and Cal Murphy.

The Board of Directors of the Associated Student Store consists of five students elected by the Student Body, five faculty members appointed by the University Administration and one ex-officio member appointed by the University President, who acts as secretary, business manager, and controller.

The Board works closely with the management of the Store in adopting policies and solving problems which may arise. General policies are always made by agreement of the Board.

Some of the functions of the Board include selection of the manager and assistant managers and a yearly check on price schedules of books and other merchandise to assure that the customers will purchase their supplies at the going rate or below. The Board also meets with individuals or groups who have questions or suggestions to be considered.

Elections Committee

Elections Committee is responsible for running all ASUM affiliated elections and also handles other campus elections if the campus organization in charge so desires. Most of the committee's work is during fall quarter when freshmen delegates to Central Board are elected, and during spring quarter when the ASUM officers, commissioners and eight class delegates are elected. It is the duty of Elections Committee to make sure that you, the student, receive legal and appropriate representation in student government.

Traditions Board works with a variety of campus organizations and committees to maintain U of M traditions. Some of these traditions include: Homecoming, SOS, Lantern Parade, Hello Walk, and Painting the "M". Traditions Board is also responsible for the selection of cheerleaders and pompon girls. The members of the Board represent a wide spectrum of student opinion.

One of the traditions: Following the Bobcat-Grizzly game, the President of the losing school's student body must relinquish his pants to the winner. Loren Haarr, ASUM President, is no exception.

Homecoming Committee

This committee strives to make Homecoming a memorable event for both students and returning alums. Its duties include working with the Alumni Association in the selection of a queen, organizing the parades, and honoring the outstanding alums at the annual SOS.

This year, the theme "Diamond Jubilee" was chosen in recognition of the 75th Anniversary of the University. Entertainment included Julie London. The highlight of the weekend was the triumph of the Grizzlies over Idaho State.

Fine Arts

Art spans the field from painting to pottery, as shown by Wayne Lundberg.

Drama is not entirely acting. There is much work to do to prepare a set for the final production. These carpenters do some of the initial construction.

The Fine Arts Board functions as an advisory group within the Fine Arts School. Students can air their feelings, contribute ideas, and register complaints directly to the Dean. The Board also oversees tours made by departmental groups. At present, the Board, in cooperation with Program Council, is crystallizing a program to present the arts to the general University student in a meaningful manner.

Judicial Board of Review

The Judicial Board of Review, upon receipt and approval of a proper petition, reviews disciplinary cases of suspension or expulsion of students. The Board is composed of four full-time faculty members, selected by the Faculty Senate, and three full-time students, selected by Central Board from applicants who have been at the University for six quarters and who have an academic average of at least 3.00.

Board meetings are closed to the public, but the petitioning student has the right to appear, confront, and present witnesses. The decision of the Board is made by majority vote and communicated to the Dean of Students. While his appeal is pending, the individual maintains his status as a student.

Administrative Relations Board

The Administrative Relations Board operates in the "twilight zone" between the student body and the administration. The Board consists of the Commissioner, student members, the University Financial Vice-President, the Director of Student Aids, and the Dean of Students. This group relays student opinion to the sometimes seemingly detached world of the University officials.

Row 3—Mike Martin, Terry Krebs, Terry Egeland, Jay Malcan, and Rich Bechtel.

The Freshman Camp Committee plans the three days of fun that welcome ninety freshmen to the ways of the University. At Camp Paxson on Seely Lake, the counselors, twenty-five upperclassmen chosen by the committee, introduce the new students to ASUM—the faculty and the campus leaders. As a result, the freshmen gain insight into the details of the campus life and the curriculum.

Counselors Penny Hayes, Karen Peck, Jay Malcan, and Sentinel representative Maren Jacobs take advantage of the break between sessions at Freshman Camp.

Leadership Camp

Every year new issues come to light which are of vital concern to the students at U of M. Naturally, students want to know why these issues have arisen and whether or not they can do anything about them.

Leadership Camp provides an insight into the workings of the University. Administrators from the campus are brought in to explain the channels through which problems arise and decisions are made. Known personalities from Missoula, the state, and other campuses also discuss problems concerning them and the students of U of M.

At Leadership Camp the active students on the U of M campus learn the proper way to challenge major decisions, enabling them to work for a better university in years to come.

Swing to the wild beat!! Program Council sponsors many dances for U of M students.

Program Council

Program Council is in charge of contracting all entertainers, lecturers, concerts, art shows and foreign films which are financed by ASUM funds. The Council attempts to bring in a balanced program which will satisfy all interests on campus. Program Council will have a special opportunity to utilize the new University Center next year. The new facilities include a ballroom, which converts to an auditorium, and will accommodate many of the programs.

The chief function of Program Council is to provide education and entertainment for the students of the University of Montana. This includes everything from concerts by "The Fifth Dimension" and Ramsey Lewis to speeches by Dick Gregory and Harrison Salisbury.

A new feature of Program Council is a Symposium, a week-long program of events coordinated around a central theme. "Project America '67," using the theme "The Now People," was a program about what is "happening" in America today.

Publications

Sentinel is the yearbook publication of the University of Montana. Entirely a university publication, it is staffed solely by students and is printed on the University grounds. No academic credit is given to the members of the staff, but valuable experience in the field of publications can be gained. Lay-out, photography, and editing are a few of the principal concerns of each member and all contribute to accurately recording all events of interest to the students in a particular school year.

Sentinel

Cyrile Van Duser, Advisor, and Leon Pinski smile at a picture being printed in the darkroom.

CAROL NELSON

Editor

Carol, as editor of *Sentinel*, was concerned with the planning and organization of the publication. Directly responsible to the University Press for all submitted pages, the opening section, and the publications section, it is at times a most perplexing job.

LEON PINSKI

Managing Editor

Leon was responsible for the scheduling of all pictures as well as darkroom procedures and facilities. In addition, he assumed the task of completing the military science section.

LYNN FINDON

Business Manager

Lynn, involved in the financial proceedings of *Sentinel*, was in charge of all business transactions. A second major job, the correlating of the index, was also a concern of no minor importance.

Also deserving acknowledgement for a job well begun is Barbara Bailey, the *Sentinel* business manager for fall quarter. Her help was well appreciated in mailing books to graduated seniors and in the distribution of 1966-67 *Sentinel*s.

ANN FELLOWS
Associate Editor

Ann spent many long hours working on *Sentinel* as she had quite a job to complete. She was responsible for student government, winter activities and fine arts, the class sections, and all sports. Ann will assume the position of editor next year.

KAREN BEALE
Associate Editor

Karen assumed the task of correlating the administration-faculty-senior section as well as completing the section of fall activities and fine arts. Now becoming more involved with the business aspect of *Sentinel*, she has been chosen business manager for the coming year.

LYNNE HOGUE
Associate Editor

Lynne was responsible for spring activities and fine arts, organizations and honoraries, greeks, and living groups. Many trying moments were spent in gathering activity shots and identifications, and as she can well say, no job is as easy as it looks.

Chris Jovin, an honorary staff member, assisted in writing and layout. It was help well appreciated.

CLAUDIA STAHL

Head Photographer

Claudia spent many long hours in the darkroom printing specified contacts to specific proportions and dimensions. As head photographer, the associate editors kept her more than busy.

JIM NOON

Photographer

Jim was kept quite busy all year contacting pictures in the darkroom as well as keeping scheduled appointments on campus.

ARNOLD SWANBERG

Photographer

Arnold, a late addition to the *Sentinel* staff, provided help in taking those extra pictures which you just can't seem to do without.

Kaimin

The *Kaimin*, U of M student newspaper, is one of the few student daily publications under the supervision of such a small staff. Many long hours are devoted to the meeting of deadlines and no special compensations are made for the members of the staff in academic curricula. In this publication, students are given a chance to voice their opinions on current political or academic issues as well as read the opinions of professors and campus leaders on prominent controversial issues.

MR. E. B. DUGAN

Advisor

Mr. Dugan has served in the capacity of faculty advisor to the *Kaimin* for approximately thirty years. Having his office located next to the *Kaimin* has been beneficial to all students who frequently consult him on particular problems.

BEN HANSEN

Editor

Ben assumed the dubious position of *Kaimin* editor spring quarter, 1967, and completed his term of office winter quarter, 1968. He was honored at the Dean Stone Night Banquet and was presented a citation by Sigma Delta Chi as an outstanding graduate in the School of Journalism.

JUDY BROEDER

Business Manager

Judy, serving in the position of business manager, was in charge of all advertising and circulation. In addition, she directed all ad salesmen. Also honored at the Dean Stone Night Banquet, she received the Theta Sigma Phi Outstanding Senior Woman Journalism Award.

RICK FOOTE

Managing Editor

Rick spent many long hours at the J-school press and was in charge of all shop procedures. This year he was presented with the Sigma Delta Chi Kaimin Service Award which had previously never been given to a paid staff member.

BARB RICHEY

Assistant Business Manager

Barb, as assistant business manager, will assume the position of business manager on the new staff. Previously, she handled all classified ads and was presented the Billings Advertising and Sales Association Award for her interest, ability, and performance in the field of advertising.

RON PIERRE

Sports Editor

Ron, previously an associate editor on the staff, became sports editor on the 67-68 *Kaimin*. In this position, he was in complete charge of all sports coverage and sports columns.

MARY PAT MURPHY

News Editor

Mary Pat, a new addition to the staff this year, assigns news beats and stories to the numerous reporters which the *Kaimin* manages to keep quite busy.

ART LINDSTROM

Photographer

Art is responsible for the pictorial presentations in the *Kaimin* and is also in charge of darkroom facilities.

ROD OTTENBREIT

Associate Editor

NOT PICTURED:
MERILEE FENGER
Associate Editor

JANET DOTY
Associate Editor

As associate editors on the staff each of these individuals are in charge one night a week of the front and back page of the *Kaimin*.

In addition, Troy Holter has also assumed the job of feature editor, a position created this spring, which puts him in charge of the Montana Review Section.

TROY HOLTER
Associate Editor

The Book

The Book is a recently established campus publication. Sold to students in the fall, it evaluates the U of M faculty as to classroom presentations, tests, and grading policies. During the year, students themselves evaluate their respective professors and the judgments of the staff are made on the basis of the evaluative statements.

Garret

Garret is the literary and creative arts publication of the Associated Students of the University of Montana. The magazine is printed by C. W. Hill Printers of Spokane and sold on the University of Montana campus. Positions on the *Garret* staff are filled by application to Publications Board and material for publication is submitted by students to the editor.
