

Academic Program and Administrative Services Prioritization

APASP Prioritization Categories

Priority for Development and Growth

These programs/units have strong potential for development and growth and should be prioritized for allocation of additional University resources.

Consider for Development and/or Modification

Possible actions may include allocation of additional University resources, development of an improvement plan, consolidation, restructuring, and reinvention.

Priority for Substantial Modification

These programs/units are not sustainable and should be prioritized for substantial modification. Possible actions may include consolidation, disinvestment, moratorium, or discontinuance.

Insufficient Evidence

The available evidence is insufficient to justify a substantive recommendation at this time. (New programs/units only)
