A COMPLETELY PULVERIZED LEVEL SEED BED
IN *One* OPERATION AT *Lower* COST

IT HARROWS
AS IT DISCS
AS IT PLOWS

Once over the ground and you have a perfect seed bed—thoroughly aerated, with weeds and insect life destroyed. No plow sole—no large chunks of soil to retard plant growth.

Three models to meet all requirements.
Pays for itself in time and money saved
—and increased production.

Write for details and name of nearest distributor so you may see it.
