

Q1.

ABOUT ASUM State Term Interest Pool (STIP) Requests

The STIP fund is an ASUM account reserved for capital improvements with a long-term value. This money can be used to purchase equipment that will be used by the group for a number of years.

STIP funds can be requested at any point during the year by filling out a request form and submitting it to the ASUM Business Manager. In order to fill out the request form, your group will need to obtain three price quotes of the item you wish to purchase from different vendors, or price quotes of similar items.

STIP Allocations are not deposited into group accounts. Rather, STIP expenses are paid from the ASUM Administration STIP account. Please see the ASUM Office Manager for assistance once you've received your allocation.

Q2.

Things to keep in mind:

1. Your group must be recognized by ASUM.
2. Requests must have a total value of at least \$150.
3. The item(s) purchased must remain with the group for at least 2 years, preferably longer.
4. Name and contact info of person storing equipment is required for the life of the item.
5. All groups are eligible for STIP purchases, including unions.

Examples of STIP Purchases:

- Computer
- Chainsaw
- Equipment Trailer
- GPS System
- Large Sports Equipment
- Sewing Machine

Q17. To submit a STIP Request, please complete the following form. This form doesn't need to be completed all at once; if you use the same browser and device your form will automatically save and reopen where you left off. When you submit your STIP Request, you will have the option to review your responses and download a PDF version. Please do so!

The ASUM Business Manager will reach out regarding any questions prior to your request being reviewed by the Board on Budget and Finance.

However, if the entire cost can't be covered, there is a possibility of our group drawing upon the Student Music Union's reserved funds, as well as redistribution from other ASUM groups belonging to the Student Music Union. In addition to money received from the Student Music Union, we can put the remainder of our current balance towards the cost.

Q14. Total Amount Being Requested:

Note: "Total Amount Being Requested" is the price of the item you are hoping to purchase **MINUS outside funding**. If you are hoping to purchase more than one item, this will be the sum of all of the items.
