The University Press Club was organized in the fall of 1909, for the purpose of publishing a weekly paper at the University. It has been a highly successful venture and The Kaimin is known today as one of the best of college newspapers. It has seemed advisable to many, however, that the official organ of the student body be controlled by the students themselves. With the close of the present school year, therefore, the Press Club will close its career and the control of The Kaimin will pass to the A. S. U. M.

The Y. M. C. A. made its first attempt this year at running a house. The venture was not an unqualified success financially, but it is confidently expected that next year will prove more successful. The need of such a house for the increasing number of students who are registering at the University is apparent. The sophomore pledging rule for fraternities should do much to increase this need, as well as to make a successful house possible.

The Equal Suffrage Club of the University of Montana was organized in March, 1912. Much of the credit of the organization is due to the work of Miss Grace Rankin, the president. The purpose of the club is to disseminate information in regard to woman's suffrage, and to arouse wider interest in the subject. Each member is appointed a committee of one to distribute suffrage literature and to work for equal suffrage in his own community. The club feels that it has exceptional opportunities to help in passing a bill through the legislature, since its members are from all parts of the state, and can influence a great many legislators. During the year the club has enjoyed talks by Dr. Duniway, by Miss Stewart, and by Miss Jeanette Rankin, who is doing such good work for the cause in Ohio.
