Public Comment
*Bryce Bennett expressed his concern over SB13 and SB14. He was not for eliminating the COT and Graduate committees.
*Chris Healow expressed concern about SB10 concerning changes to the Transportation Board. He said the Board is one of the most effective committees he has served on. Decisions about transportation are made on a consensus basis, and if that isn't forthcoming, then more research and discussion occurs until a decision can be made. He didn't feel that oversight by a Senator is necessarily a good idea. The Advisory Board should be a part of the Bylaws to ensure its existence in the future.

The Chair recognized the presence of Senator Rasmussen
*Ali Tabibnejad, former Senator and COT Committee Chair, expressed concern about eliminating the COT Committee. While agreeing that it has not been very effective, he would like to see some other ideas for outreach to take its place.
*A member of the Student Dance Club encouraged Senate’s support for their Special Allocation request.
*Women’s Rugby will be celebrating their 30th anniversary of existence and expressed hope that Senate would support their STIP request.

President’s Report
a. Two UM basketball players encouraged Senate to work toward student support of basketball and expressed hope that the student section would come back strong. Winter session basketball games are the least supported, as students are not on campus. There was talk of garnering support to shorten the five-week break.
b. There will be a special legislative session to address education issues.
c. See Cederberg for D. C. Summit conference on training and leadership information.
d. Examples of Students First! materials will be shared with Senate in the next week or two.
e. At the ASUM and UM Administration breakfast on Tuesday, President Dennison presented information on the MPACT program, a pilot program to aid Montana lower income students in obtaining higher education.
f. Cederberg shared the draft of a letter he will be sending to administrators and Campus Security regarding his concern about the towing of students' cars on a game day.
g. Director Nancy Wilson of the ASUM Office of Transportation gave a power point presentation about the program’s services, costs and ridership. There was some discussion about SB10, to be considered later in the meeting.
h. Cederberg proposed a three-point plan for student involvement, including a grant for student or group involvement, ASUM presence in Helena, and a personal investment.

Comments

The meeting adjourned at 9:09 p.m.

Carol Hayes
ASUM Office Manager
Whereas, ASUM in its 2004-2005 lobbying session recommended that many groups prepare a STIP Allocation request for the purpose of purchasing digital photographic hardware, particularly including printers and cameras, which are expensive:

Whereas, ASUM has a limited fund from which to upgrade investments for its administration, agencies, and student groups:

Whereas, it would be more economical to buy and maintain communal digital photography hardware and loan it out to student groups on a limited basis:

Whereas, communal hardware would also enable ASUM to maintain a greater degree of control over the expensive purchases:

Whereas, an amended section of Fiscal Policy should apply to the purchase and lending of hardware so that the ASUM Office Manager and the ASUM Business Manager can be fully aware of their responsibilities concerning the ASUM property:

Whereas, the Office Manager currently keeps track of the in-office supplies:

Therefore, Let It Be Resolved that Section 16 of Fiscal Policy be amended to read:

16.0 INVENTORY.

16.1 ASUM may purchase equipment for ASUM Administration, all of its agencies, and student groups. Such equipment will be kept in the ASUM Office under the safe-keeping of the Office Manager.

16.2 The Business Manager shall establish a process by which the Office Manager shall check out equipment to individuals and groups requesting it.

16.3 The Business Manager shall be responsible for keeping an inventory of the community equipment.

16.4 The ASUM may request yearly inventory updates on all equipment purchases and supplies (other than general office supplies) from its organizations.

16.5 All sporting equipment purchased with ASUM funds must be checked in and out through Campus Recreation.
