Recommended Citation

Whereas, The Associated Students of The University of Montana Childcare has interest from students and staff of the University of Montana to create an Infant care Program;

Whereas, The Associated Students of The University of Montana (ASUM) has committed to founding a infant care center by identifying an infant care center as one of it’s top goals for the 2013-14 school year;

Whereas, ASUM does not have enough room in it’s budget to completely fund a new infant care center;

Whereas, as a small contribution from the student body would make the formation of an infant care center possible;

Whereas, it is impossible for agencies to grow and continue to serve students in new ways without increases in funding;

Whereas, students of the University of Montana deserve the right to vote on any increase in the fees they pay

Therefore, Let It Be Resolved, that referenda language is to be placed on the April, 2014 ballot, reading as follows:

ASUM is requesting a $1.50 per student activity fee increase to maintain the ASUM infant care program, without this increase the infant care center can no longer exist:

Yes, I support the increase in the activity fee by $1.50 for the infant care program

No, I do not support the increase in the activity fee by $1.50 for the infant care program

Passed by Committee: _____________________________, 2013

Passed by ASUM Senate: __________________________, 2013
