working under the war-time handicap of a shortage of experienced players, the '44 grizzlies, composed of nine freshmen and one sophomore, fought through a 12-game schedule, winning two and dropping ten. Yet coach Buzzetti's grizzlies were always good ball-hustlers, hard-fighters, and showed plenty of spirit throughout the season. They gained experience as time went on—enough to upset favored Carroll College, 43-33 and Montana Mines v-12, 55-46. Tall Jack Bulen of Great Falls and Bill Jesse of Missoula were the most outstanding players produced by the grizzlies this year.

Montana opened the season at Butte against Montana Mines and lost, 49-41 and 51-34. . . . then they faced Carroll College Navy at Helena and lost, 60-34 and 56-34. Boese, Bulen, and Fisher were high point men in these tilts.
the high-scoring savages of eastern washington college of education were the next hoopsters scheduled and the grizzlies traveled to cheney, only to lose, 67-39 and 59-44. Jesse sank 30 points in that series and Bulen looped in 21. . . . grizzlies played host to the same cheney warriors in their first home series, losing twice again, 67-41 and 66-46. Jesse was high for the grizzlies with 16 points in both tilts.

gizzlies finally broke into the winning column on the home court, winning saturday’s game from carroll navy, 43-33, after losing friday’s encounter, 54-41. Bulen used his overhead shots to chalk up 15 points in the first game and 16 in the second. . . . in winding up the season, the grizzlies met montana school of mines on the home court and split the series, winning the first, 55-46, as Jesse found the hoop for 17 and Bulen for 16, and dropping the second, 55-43.

well, this is the point where you have finished scanning the pictorial pages of activities you’ve participated in during the year, sanctioned or unsanctioned; and you’ve passed judgment. If anything has been left out, perhaps it’s better left so; otherwise, remember there’s a limit to the space.

the finished product you have here in your hands is a far cry from the one planned last fall, but the general idea, we hope, is still there— to give you a general picture of m. s. u. life during the past three quarters.

as work progressed, we found ourselves cutting here, changing there, to make the book fit the budget. at times we had to content ourselves with the slim satisfaction of knowing that we were keeping an old tradition alive. if we have, then our purpose was accomplished after all. if not, it’s too late to weep now.

BUY WITH CONFIDENCE

Our country has not been devastated by bombs. Our people don’t have to walk the streets with one eye cocked to the sky and both ears open for the warning to duck into a bomb shelter. Our men are fighting in every theater of war to bring the final victory.

It is unreasonable to suppose that any food will be allowed to go to waste in 1944. It is also unreasonable to believe our people will demand more than their share of the things we have.

Your RED & WHITE Grocer is on watch to protect you, his customer.
