administration

administration banners, flying bravely over a student population, swirled upward and outward as past-president E. O. Melby took over the chancellorship of all the university's units . . . C. W. Leapheart, past master of blackstone, came to the fore as acting president . . . beckoned students to a remarkably preserved curriculum . . .
αςμςυ head man . . . the crown sat well on his head . . . gained an easy sociability as one of the genial store boys . . . welcomed an almost solidly feminine bloc of freshman at the year's beginning . . .

αςμςυ

Marie Murphy

Cuthbert's right hand woman in second top campus job . . . a cheery Irish "colleen" with just a wee bit of elfish sparkle to her laughing eyes . . . vivacity personified . . . professional wielder of the snow ball.
Barbara Warden

A winning smile coupled with deep sincerity... copper-haired Barbie maintained the position of secretary of the student body. ... just one of the many positions she held in campus limelight.

Bernice Hansen

You can point to "Lena" as an object lesson to the usefulness of a business ad major... first asmsu woman to sit in the chair of the keeper of budgets and figures... neat balancing job in all...

... guided thru four years by a shining academic light ... sometimes flickering, sometimes beacon-like ... unlike the stereotyped college grad who goes forth with sheepskin in hand and an apologetic look in his eye, these seniors will step square into line ... the fate line ... heart line ... line of least resistance....

... past the diligent stage in playing college people ... students not scholars ... some have made their mark ... shooting straight into coveted honoraries ... on with the dance of life ... college for them is a half and half taste of war and peace ... g.i. boots and wing-tipped florsheims....
much ado about everything . . . activity boys and girls . . . observers of keep-off-the-grass signs . . . the terrifying first year over, one hurdle has been passed . . . spur whites rampant . . . assistants to the assistants . . . they get the sucker jobs done. . . .
to swell an ever-decreasing campus population came a surprising multitude of freshmen ... custom was severed when rush week and fresh orientation were not conducted together in the same telescopic days ... this hectic week was their first plunge into an almost tradition-bare campus life ... but they'll hold on for hopes of a brighter year ...

under this competent staff, the once familiar junior rotc, with six months' basic training behind them, returned to college to maintain the only campus astp unit. they were welcomed back to a strictly military campus which, despite khaki disguise, was still their alma mater. during the four months they were here they saw their leader step forth from a captain to a major . . . saw co-eds becoming blinded by khaki . . . saw a campus undergo drastic wartime changes. then came the long-awaited orders and they were fort benning-bound, promising to return with commissions well in hand.

for the first time in university history three sophomores... Mandy... Joyce... first engagement of Mr. Menuhin to Missoula was unavoidably delayed, but a later itinerary brought the violinist to the student union theatre. Once a child prodigy, Menuhin showed himself to be one of the superb artists of the age.

second community concert feature was Mr. Sanromá, Puerto Rican keyboard virtuoso, who enthralled the audience with his colorful styling, giving special emphasis to the music of his native Latin America. Applause brought a warm response to several popular encores.

working under the war-time handicap of a shortage of experienced players, the '44 grizzlies, composed of nine freshmen and one sophomore, fought through a 12-game schedule, winning two and dropping ten. yet coach Buzzetti's grizzlies were always good ball-hustlers, hard-fighters, and showed plenty of spirit throughout the season. they gained experience as time went on—enough to upset favored carroll college, 43-33 and montana mines v-12, 55-46. tall Jack Bulen of great falls and Bill Jesse of missoula were the most outstanding players produced by the grizzlies this year.

montana opened the season at butte against montana mines and lost, 49-41 and 51-34. . . . then they faced carroll college navy at helena and lost, 60-34 and 56-34. Boese, Bulen, and Fisher were high point men in these tilts.
the high-scoring savages of eastern washington college of education were the next hoopsters scheduled and the grizzlies traveled to cheney, only to lose, 67-39 and 59-44. Jesse sank 30 points in that series and Bulen looped in 21... grizzlies played host to the same cheney warriors in their first home series, losing twice again, 67-41 and 66-46. Jesse was high for the grizzlies with 16 points in both tilts.

grizzlies finally broke into the winning column on the home court, winning saturday's game from carroll navy, 43-33, after losing friday's encounter, 54-41. Bulen used his overhead shots to chalk up 15 points in the first game and 16 in the second... in winding up the season, the grizzlies met montana school of mines on the home court and split the series, winning the first, 55-46, as Jesse found the hoop for 17 and Bulen for 16, and dropping the second, 55-43.

well, this is the point where you have finished scanning
the pictorial pages of activities you've participated in
during the year, sanctioned or unsanctioned; and
you've passed judgment. If anything has been left out,
perhaps it's better left so; otherwise, remember there's
a limit to the space.

the finished product you have here in your hands is a
far cry from the one planned last fall, but the general
idea, we hope, is still there—to give you a general pic­
ture of m. s. u. life during the past three quarters.

as work progressed, we found ourselves cutting here,
changing there, to make the book fit the budget. at
times we had to content ourselves with the slim satis
faction of knowing that we were keeping an old tradi­
dition alive. If we have, then our purpose was accom­
plished after all. if not, it's too late to weep now.

BUY WITH CONFIDENCE

Our country has not been devastated by bombs. Our people don’t have to walk the streets with one eye cocked to the sky and both ears open for the warning to duck into a bomb shelter. Our men are fighting in every theater of war to bring the final victory.

It is unreasonable to suppose that any food will be allowed to go to waste in 1944. It is also unreasonable to believe our people will demand more than their share of the things we have.
