American colleges and universities have turned forth the class of 1950. We are not a class filled with hopeful enthusiasm. We were born into the memory of one world war and fought through another. We seem determined to know exactly where we are going and why, but our determination can only help to cover the doubt and frustrations inherited from our fathers. For all our physical differences in sheer size, and numerical age of our members, the class of 1950 is no different from its predecessors. We lack only the youthful enthusiasm. Perhaps that has been replaced by a more mature and wiser knowledge, perhaps only by ignorant apathy. One cannot write a hopeful and ringing foreword for the class of 1950 on the eve of war in Korea for we would look on that as mere childishness. One can only ask that God will look with a sympathetic smile upon our petty foibles and hopes and grant that in these four years we may have begun to learn and grow strong in knowledge of the foibles, hopes and wisdom of our fathers, that we will not be blind to this heritage nor encumbered by it merely.

the university
quiet, friendly E. Kirk Bedgley, auditor, knows university and student finance... has always been willing to explain or re-explain their frightening intricacies.

MSV's veep, Dr. Richard H. Jesse, will take over for the B. P. interim... between-presidents... the vigorous vice-president also heads the chemistry department... occasionally growls at freshmen chem majors.

dr. gordon b. castle, dean of the college of arts and sciences and senior academic dean, meets the "only down a few" grade-point-and-credit jockeys on the campus... is a most helpful and congenial "come back in a year" man...
Young Dean James W. Maucker of the school of education directs the summer session—a work-and-play quarter that achieves a balance even in the summertime Missoula atmosphere.

Alumni secretary and public service director Andy Cogswell pushes MSU through the public relations channels...is the helpful right-hand man for President McCain.

J. B. Speer keeps a wary eye on the university budget as controller...he is the man who knows MSU history and every problem that is its financial tradition.

Traveling registrar Leo Smith pushed into the frontiers to familiarize Montanans with university curricula...handles all details.

Genial maintenance-man Tom Swearingen is hit at every turn with gripes from student car-owners, yet he manages to keep a somewhat valuable physical plant in good shape.

Traveling registrar Leo Smith pushed into the frontiers to familiarize Montanans with university curricula...handles all details.

... men at the top of each of the various divisions and schools ... freshmen respect them for a certain severity, usually imagined ... sophomores saw them last year ... juniors begin to find that they are human too ... after watching the administration involved in grinding out reputable graduates, four year people appreciate them less as the men who sign the registration cards or the recommendations ... more as men who know the depths of their fields ...

... every branch of the curriculum at msu has finally been accredited by the various agencies ... these men are responsible for setting up approved obstacle courses of study ... for co-ordinating and balancing the work of their staffs ... for maintaining and building their departments and schools ...
Classes
senior officers

... jim murphy, joan smith, ginny floyd, marion bell form the class officer contingent for the senior class. laura bergh and torv halverson ably represent the class as delegates to central board and spend their tuesday afternoons on asmsu problems. senior officers worked their final spring quarter organizing committees for commencement week activities. advised the faculty group in their double-ceremony or rain-on-dornblaser discussions...
... biggest class in MSU history ... representing the postwar collegiate era of the veterans and the high school kids, the government check and the book line ... enrollment figures and dormitory walls bulged ... fraternities stocked double orders of pledge pins ... the rah-rah's thought the others apathetic but the study lamps burned along with the parade flares ... paradox continued for four years ... through comprehensives, seminars, through graduation ... and the "trade schools" walked off with the "uncommon man" honors first ...

junior officers

. . . . junior officers, 1950 model, edna geary, president; everett chaffin, vice-president; joan beckwith, secretary (not pictured); helen lambrose, treasurer; george fox, central board delegate . . . since the junior prom folded the raison d'etre of junior officers has become rather intangible but we must not forget that if it were not for junior class officers and the like, the raison d'etre of yearbooks too would become even more intangible than it is. as usual class affairs were handled admirably and with the utmost dispatch.

'51
... no one knows quite what this picture has to do with the junior class, but if one were to attempt to define concisely what the junior class consists of in msu's heterogeneous mass of students the same difficulty would be encountered ... but they remain on the amsu books like an account that long since should have been re-opened under a new name ...
sophomore officers

. . . headed by Robert Hasquet . . . Audrey Olson, Barbara Blakeslee, and Dick Wholgenant were the big wheels in the sophomore class . . . Dick, as central board delegate, spent many ASMSU hours and divulged nonapathetic tendencies in the unity party swing this spring . . . has a high interest in student government . . . following in the wake of a long standing tradition, the other officers accomplished absolutely nothing . . . were comparatively unknown in their official capacity, save for yearbook pictures and on soon forgotten Ober Day ballots, but have high rank in sophomore activity annals . . ..
. . . reaping the fruits of their freshmen activities, the sophomore class is kept busy with spur, bearpaw, and a.l.d. . . . with a year behind them they think they know which classes they can cut . . . which are the really accepted msu traditions . . . sophomores are familiar with the faces on campus and feel at home . . . use their year to change their majors, finish survey courses, and adjust the hour-budget for study and play . . .
... after orientation and settling down to semi-routine of college life... the freshmen elect their officers for the year... the big chief this year was Jack Stewart... other officers included Kay Millons, Carol Wickes, Danny Lambros, and Bill McMasters... new to the ways of MSU government, they watch and learn but do little in their official capacity... they get their names in the campus limelight which is good for future activities... were more ASMSU minded than some of their contemporaries... have a start toward honoraries and service organizations in the years to come....

frosh officers

'53
like children with new toys, freshmen want to see how college works... and they'll try anything once... volunteering for the dirty work in exchange for spur and bearpaw points, they bring with them the annual freshness and vitality that goes with painting the m and racing for the tower bell... as they are introduced to the old standbys... as... they set the foundations for their life at msu...

... interscholastic—to give aid and comfort to the competition minded, to do a selling job for higher education, especially at MSU...

... aber day, when those who study have a chance to get a few blisters on their collective hands and let off a little steam; for those who are not bothered with details like studies, the steam valves can be released, for once, legitimately. all in all it usually turns out to be a rather creditable clam-bake...
... bear paws turned on a full scale initiation, began to realize that the alpha phi omegas were a red hot contender in the service honoraries division....

the alums want to see the best game possible, the athletic board would prefer a second rate game so as to have two large gates for the season, the team always seems to pile up a year's tough luck in one game—but, my gowd, it is the greatest boon to montana athletics since the invention of the slot machine.

as can be easily ascertained by the strained expressions, idaho got all carried away with this football business.

rousing the faithful—the kids work hard against rather tough odds; which, perhaps, is justifiable in the whole scheme of things.

Dances in the

Freddie Slack led the only name dance band to appear on the campus during the year. The dance inaugurated the new floor in the gold room, was well attended and came out well enough financially to revive the old cry that ASMSU should step more into prominence in the social ring-around. Distinguishable in the murmur of small voices were mutterings for more ASMSU sponsored activities and dances, a male social chairman and all such other things which are annual as mutterings but never seem to get to the action stage.
... the spur-sponsored Sadie Hawkins day dance was the usual roaring success. The night when the female sex admits that it is a woman's world instead of sitting back with a smug all-knowing smile and spending the money of the subjugated male. The males, however, seem to need nothing more than the assurance that the style of dress will tend toward the exposure of more feminine flesh and less clothes ...
... although it has appeared for years, no one ever bothers to inquire just whose "slop shop" this is or specifically what a "slop shop" is ...

... and here they are in person  
... the characters Al Capp chose to satirize American manners and customs ...

... Freddie Slack, a fine combination of Guy Lombardo and Kaye Kayser; specifically prepared for the poor man ...

... a group of fine healthy American college students enjoying themselves by dancing to one of America's leading dance bands ...

... the Kappas entertain behind Nancy Fields, one of the campus' top talent girls ...

a well rounded
new greek pledges assemble in the union for the traditional afternoon get-acquainted dances...

more frosh, more dancing, more refreshments, a guarantee for a big night on the north hall steps in the last few minutes before the sacred hour of 1 o'clock...

more of same, one of the few times during the year that one may "go out" without going through the formal processes of msu dating...

frosh again, this time limited to females and the venerable spurs are hosts...

social life

just 198,470 steps behind caruso, christopher lynch serenaded the campus on the community concert schedule...
the music club's night club dance is always the most suave and one of the best received of all school functions, limited tickets are usually sold out well in advance, the entertainment well above the general campus caliber.

in the winter

the jubeleers lead off with a fine arrangement of one of the top songs in america, etc., etc., etc.
the barristers migrate in force to the Florence hotel to break out the scotch, don the tux, and crack wise about the dean, the purpose evidently being to prove once and for all to the tottering proletarian that lawyers are the smoothest men on the campus.

quarter

despite the gooey press releases it is quite a creditable affair and all who attend seem pleased.
... more night club dance, the faculty representation ...

... welcome aboard, there is room for everyone, if you have a reservation ...

... there was a big crowd at barristers, for the doubters among the woodticks here is the proof ...

... we phi delts are rather a close bunch, note our share the dgs plan ...

... dances
sigma delta chi and the rest of the journalism school get the straight scoop from one of the boys who has been on the road, in one of a series of professional lectures and informal smokers.

reach...

mata and hari enlivened the community concert program with their very entertaining comic mimics of the dance.

the smarti parti is one of the many acts of service by mortar board, some of which are good enough to excite kaimin editorial comment.
so big an affair that only Paul Bunyan himself can preside as patron, the nationally famous forester’s ball, the edifice in the upper left is purely for atmosphere . . .

... they come (are frisked), go (are frisked), and come again (are frisked again). Some sign the guest book, others don’t seem to mind if they do or not. The usual shortage of tickets but every one on the campus is there anyhow. Merit points are given at some sorority houses for girls who make the performance both nights . . .

of those who started out four years ago, those who survived the msu grade curve and the round of activities pictured on the preceding pages.

John helding brought a new vigor to the position of asmsu president. He kept the office open to all students and still studied. He made contacts for busy athletic and central boards. He checked with the senate group. Even worked on the skating rink. He knew asmsu business. He added holding energy, congeniality, and time. Asmsu accomplished more, more easily, than in several years.

Second man in the top asmsu duo, Dave Freeman took charge of complicated asmsu financing and the budget-finance committee. Central board delegate for two years, he knew msu's student policies as a whole. The rough spots in spending, he patiently signed the bills, planned next year's budget. It seemed to be central board's man of decision. Worked with unusual capability. And the usual freeman finesse.

Athletics
in his first year as MSU athletic director Cac Hubbard put MSU athletics on sound financial feet and expanded the entire athletic program. With the switch to the Sky-Line Six Conference the athletic future looks brighter than it has in years.

ted Shipkey in his first year at the helm of Grizzly football came out with more wins than losses and turned out a fighting aggressive Grizzly team that should go far in the Sky-Line Six Conference next fall.

co-captain Ray Bauer, All-Coast end, broke the PCC pass receiving record with thirty-one completions, four for touchdowns and a total yardage of 535.
Ball o'loughlin, PCC honorable mention, recipient of the Grizzly Cup as outstanding university athlete, winner of the outstanding player award for the homecoming game, the university's most admired athlete.

... grizzly optimism hit a new high when a smaller but more aggressive montana team defeated south dakota university 33-13 at billings in their season opener sept. 17. ... with new head coach ted shipkey at the helm for the first time, the silvertips had the spark they were missing all last season. tied up at 13-13 with ten minutes remaining in the last quarter, the montana team hit their stride and rolled for three quick touchdowns ... although the grizzly line was tough and opened

utah state 13; msu 16

... coach shipkey was right when he said, "utah state will be no pushover." leading 16-0 at the end of the third quarter, the grizzlies showed their first let-up of the season, letting the aggies score thirteen points in the final quarter. grizzly line play was at its best in the first half holding the aggies to a total of 13 yards. bauer was specially effective, dumping everything that came his way and spilling caputo in the end zone for a safety. bauer went forty yards on an end-around for the first grizzly score and kingsford drove over for the second touchdown after o'laughlin had intercepted adams' pass and carried it to the two. the silvertips had their claws sharpened and aimed at all-conference jay van noy and kept him bottled for the full sixty minutes. kuberich played sixty minutes of hard ball for the grizzlies and was outstanding on defense. byrne booted both placements. this marked the first time in five years that the grizzlies had beaten the aggies. shipkey said, "we played good defense and the only time that the aggies could get going was against our second and third string linemen." ...

... predicted to win by a comfortable margin, grizzly gridders found the going tougher than they had expected from colorado a and m’s rams and suffered their second set-back of the season 27-12 ... the rams rallied in the first quarter on three line plays from the grizzly ten and stayed out in front until kingsford went around end from the three in the closing minutes of the half. o’loughlin bucked over in the third quarter after the grizzlies had put together a sustained drive from their own twenty-three ... then the rams started hitting and struck pay dirt three more times before the final gun ... byrne played heads-up defense, stopping two sure touchdowns with deadly tackles. the grizzlies made one goal line stand, holding the rams for downs on the six ... montana wasn’t the same team that had played against washington state. good blocking and tackling were sorely lacking and the grizzly aerials were not hitting as they had earlier in the season ... "we had a better ball club, but too much time on the road made the grizzlies tire in the fourth quarter,” shipkey said ...
idaho 47; msu 19

Dixie Howell's Idaho Vandals stunned 8500 grizzly homecoming fans by scoring twenty points in the first fifteen minutes of play and kept right on by pouring it on the hopeless silvertips until the final minutes of play, winning 47-19. The piston knees of King block, Idaho fullback, and the shifty running of Diehl and Brogan kept the grizzly forwards back on their heels all afternoon. The Vandals piled up a total of 376 yards rushing to the grizzly's 146. "Crazy legs," Murphy got away for a beautiful seventy-yard run to the Idaho twenty. Tommy Kingsford danced and evaded onrushing Idaho tacklers as he flipped his well known passes for a total of 159 yards. Holding added 77 more in seven attempts. Grizzly backs found it tough getting around Idaho's shrine game representative Killsgaard and his running mate Overgaard.

Volk, Ford and Matye played good defense for Montana while Kingsford, holding, Murphy and reliable O'Laughlin spearheaded the grizzly attack. Bauer received passes in his most competent manner but was pushed hard for receiving honors by Idaho's Barnes.

For the second straight year homecoming was a dismal flop from the football standpoint. "Our worst defensive game all year, grizzly tacklers slipped off of runners. O'Laughlin played well as always and averaged better than eight yards per try," Shipkey said.

msc 12; msu 34

... still bruised from the previous week's defeats the grizzlies bounced to life in Butte to dump the Bobcats 34-12 and win the traditional copper bowl. ... after a slow first quarter the grizzly game hit its peak for the season as holding and Kingsford teamed up to hit with sixteen out of twenty-four passes for 220 yards. Ray Bauer grabbed two for touchdowns. Roy Malcolm ran for eighty spectacular yards to provide fans with the most exciting play of the day and was a consistent ground gainer all afternoon. O'Laughlin, Byrne and Hammerness kept pounding at the Bobcat line eating up big hunks of yardage while Ford, Ken Campbell, Kuberich and Hansen anchored the Bruin line. Adam Marshall led the Bobcat offense, scoring both of state's touchdowns while Boston and Driscoll played top defense. ... coach Shipkey was well pleased and said, "the grizzlies showed good form once they got going." ... a chilled contingent of grizzly fans returned home with the copper bowl resting for the second consecutive year in the grizzly den with no sign of it being much more than a routine formality for quite some time to come.

LUCKMAN'S STARTLING FINISH
in the 220 was one of the high-
lights of the Idaho meet.

THREE DORNBLASER STADIUM RECORDS AND ONE MONTANA UNIVERSITY RECORD WERE SMASHED AS WASHINGTON STATE WON ITS EIGHTEENTH CONSECUTIVE DUAL MEET FROM THE GRIZZLIES, 93 3/4 - 37 1/4. THE GRIZZLIES SHOWED THAT THEY HAD MUCH MORE POTENTIAL TRACK MATERIAL THAN ANYONE HAD ANTICIPATED. MONTANA'S DICK DOYLE TOSSED THE DISCUS 163 FEET, 2 AND 1/4 INCHES TO SHATTER HIS OLD STADIUM MARK OF 160 FEET, 8 AND 5/8 INCHES. JOE LUCKMAN LOPED 23 FEET 5 AND 3/4 INCHES TO SURPASS JIM SEYLOR'S RECORD BY INCHES. HOWIE HEINZ PUT ON A BRILLIANT FINISH TO EDGE WSC'S MILLARD IN THE 440, TIME 51.1.

MIEKE FLEMING PROGRESSSED GREATLY AS THE SEASON ADVANCED, TOPPED HIS SEASON WITH A 1.56.6 HALF-MILE IN THE NORTHERN DIVISION MEET, IT PLACED HIM FOURTH AND WAS THE SECOND FASTEST HALF-MILE EVER RUN BY A MSU TRACKMAN.
... in a dual meet with the eastern washington college of education savages at cheney, the grizzlies lost the relay and the meet at the same time, 70-61. much improvement was shown by the grizzlies but their lack of depth was the deciding factor. joe luckmen was a triple winner, taking the broad jump, 100 yard dash and the 220. ripke placed second to doyle in the discus. the following weekend the grizzlies won the state cinder crown by running the bobcats into the ground and winning every event, score 99-32. luckman breezed to easy wins for his second triple win of the season and the entire team showed the benefits of a few days warm weather. the idaho meet was the highlight of the season, with the grizzlies wins by luckman brought fifteen points, cope forgot his baseball duties for a day to win the high-jump for montana. doyle whipped the platter 166 feet plus for a new stadium record ... . . . bill mcchesney's brilliant 10 minute, four second two-mile was the best run of the day and brought the stands to their feet in applause . . . .

sophomore john badgley was a constant point getter in the hurdles and showed promise that this was only the beginning.
The frosh had little difficulty winning from the bobkittens and from the Missoula Spartan team that stacked up more points than any other interscholastic winner in history. Individual performers showed a great deal of promise. "Bill Rife should be one of the greatest distance runners in the history of the university," proclaimed coach Harry Adams. Leon Conner, Dave Hurt and Bill McMaster showed well in the middle distances and sprints. Eaton in the broadjump and Luckman in the shot look good. Others pointing to big MSU track years in the future are Spogen, Britton, Buckingham, Bryant, Coppedge, Johnson, and Carpenter.

Living Groups

BOOK III
Corbin Hall

...the home of the "peeping toms" with eyes or telescopes trained on neighboring north hall windows...a group including many fraternity men...they share their meals with the new hall girls and spend many hours of the day standing on their front steps watching the feminine population...often provide the girls with after-hours serenades in some off-key vocalizing...they have a social function every quarter...are free to come and go pretty much as they please...

... a sprawling reminder of post-war rush housing, jumbo hall provides a rather feeble roof over the heads of a heterogeneous group of college men... mostly non-fraternity... they have a priority on freshmen women via the chowline at north hall and challenge the young lovelies to a riotous baseball game, show them through their boudoirs on jumbo hall day... an occasional card game up in the room and lounging on the front steps of north hall are favorite diversions... living is strictly on independent basis...
jumbo hall

... jumboites beat every greek team on campus this year to win softball intramural honors ... their big social function comes in the spring with an open house in the afternoon and a formal dinner dance that evening ...

north hall

. . . . fresh to the ways of college women they come with their pranks and vitality
. . . . a chance to survey the new world before them with the sympathetic backing
of their own class . . . they come to see, learn, and conquer . . . the main topic
of conversation is men . . . studying is spasmodic . . .
... evenings find the front porch well populated ... quarterly dances and pajama parties provide entertainment other than dates ... along with the proverbial bull sessions ... self governing for a year, north hall life introduces them to the sophistication they long for ...
south hall

... all those non-fraternity freshmen who survived the rigors of jumbo and the grade curve migrate to south hall ... reserved mainly for upper classmen, but sprinkled lightly with freshmen ... their after-hour parties are often hampered by several strong minded proctors ... intermittent with private parties are official social function every quarter ... the favorite theme for worry is the quality and quantity of food ... are partial to the north hall girls ...

the yellow shack swept the campus this year with the largest pledge class... got everyone including the laundry man and two western union boys... are found in all phases of campus life from sports to pranks... won the interfraternity song contest after many bitterroot hours of practice... fall barn dance gave the brothers a chance torough it... threw two big formals during the year... many pinnings kept the front tree well watered... go in energetically for political campaigns, though unity party upset some plans... erected a carnival extravaganza for track... won first...

I do not believe that editorials have any place in a year book, but when a book is a full quarter late I certainly owe the student body a word of explanation. Even if I did feel inclined to place the blame on anyone for this faux paus, the many varied circumstance would not allow me to do so. If the onus must fall, please place it upon Doris and myself, for on us it rightly rests. Doris and I have attempted in our small way to give you a yearbook that you can keep with pride for many years to come. The degree of our success rests in your opinion. The book is finally here, I hope you like it. There are hundreds of the usual mistakes, mis-spellings, names out of order, etc. These I hope you will forgive and charge off to human frailty. I hate to mention names in giving thanks for I am sure to leave someone out who is deserving. But the book would never have appeared: without the faithful staff who put up with my ill humor and Doris' frivolity, without Bill Remington and Frank Cross of the Reporter Printing and Supply Company who wrestled their way through late copy and cuts, without Marvin Gilardy of the California Art and Engraving Co., without the pictures of Ernest Briscoe who gave us some of the finest individual pictures we have ever had, without Cyrile who must bear the brunt for every late Sentinel, and without the many others whom I hope to thank personally. Lastly, my greatest thanks go to you, the student body, who have so kindly and so patiently put up with the delay. I only hope that you will be well enough pleased with the book to overlook our many errata.

Sincerely,

Bob O'Neil
What About Electric Utilities?

A lot of misleading statements these days are leading the people away from a true realization of what American electric utility companies are and what they stand for. We'd like to point out a few FACTS about the industry in the hope that they will give you a better understanding of its position.

First of all, the electric utility industry means more than 43,000,000 customers who are being served efficiently at reasonable rates under federal and state regulation. It means millions of Americans who, as stockholders, have invested their money to help the industry grow and serve.

In this state, the Montana Power Company is bringing electric service to 390,000 persons. It is a MONTANA COMPANY, owned by approximately 30,000 investors from all walks of life.

The electric service Americans enjoy is the direct result of round-the-clock effort by 291,000 men and women who are employed in the industry.

More than 1,200 of your neighbors are working for you as employees of the Montana Power Company.

Generating capacity of the industry has grown to more than 64 million kilowatts, an increase of 279 per cent in the last 30 years. And by 1970, this generating capacity will have grown to more than 200 million kilowatts.

Generating capacity of The Montana Power Company now totals 398,000 kilowatts, and completion of our Billings steam-electric generating station in 1951 will raise that total to 464,000 kilowatts. We are constantly building to serve Montana's needs.

The electric utility companies of the nation in 1949 paid $803,000,000 in taxes, of which $451,000,000 went to the Federal Government and $352,000,000 was paid to state and local governments.

The Montana Power Company is a taxpaying partner of all Montanans. Its 1949 tax bill was $6,140,823, of which $3,646,739 was paid to the Federal Government and $2,494,084 went to state and local governments.

Approximately one quarter of the total cost of this yearbook was paid for by the advertisers whose ads appear on these pages. These merchants have taken this means to express their interest in our University. Many of them are alumni and parents — many are just friends of the University. All are friends in the finest sense of the word.

The merchants who appear in the 1950 Sentinel have been most generous in their support. We can all express our gratitude by patronizing these advertisers whenever the occasion arises.

... NORTHERN BOUND

NORTHERN BAR and COCKTAIL LOUNGE
Montana of Other Days

In the early 1860’s, a stage line journey from Virginia City to Salt Lake City required four days and nights and cost $75—in gold.

Missouri river steamboats which carried passengers and freight to Montana in the early nineteenth century required from two to three months to negotiate the treacherous river from St. Louis, Mo., to Fort Benton, Montana.

According to some historians, Jim Bridger was in the Emigrant gulch district as early as 1830.

Plug tobacco sold for $5 per pound during the winter of 1864-65 in Yellowstone City. Smoking tobacco sold for $18 an ounce.

In 1885, the first year for which figures were available, 79,089 head of cattle were shipped from Montana to various markets.

The first report of the territorial auditor of Montana in 1865 stated there were 4,325 head of oxen and 1,896 cows and calves returned for assessment.

Geology teaches that 5,000,000 years ago Montana was the bed of a great sea.

Virginia City, in the gold rush days, dispatched as many as 600 letters a day at a postage rate of $1 per letter. No ink being available, all letters were addressed in the juice of wild gooseberry.

On Jan. 1, 1884, the value of Montana’s cattle industry was placed at $30,000,000—a sizable figure in view of the youth of the industry and the fact that mining was being followed chiefly in the state.
