American colleges and universities have turned forth the class of 1950. We are not a class filled with hopeful enthusiasm. We were born into the memory of one world war and fought through another. We seem determined to know exactly where we are going and why, but our determination can only help to cover the doubt and frustrations inherited from our fathers. For all our physical differences in sheer size, and numerical age of our members, the class of 1950 is no different from its predecessors. We lack only the youthful enthusiasm. Perhaps that has been replaced by a more mature and wiser knowledge, perhaps only by ignorant apathy. One cannot write a hopeful and ringing foreword for the class of 1950 on the eve of war in Korea for we would look on that as mere childishness. One can only ask that God will look with a sympathetic smile upon our petty foibles and hopes and grant that in these four years we may have begun to learn and grow strong in knowledge of the foibles, hopes and wisdom of our fathers, that we will not be blind to this heritage nor encumbered by it merely.

quiet, friendly E. Kirk Bedgley, auditor, knows university and student finance... has always been willing to explain or re-explain their frightening intricacies...

MSU's veep, Dr. Richard H. Jesse, will take over for the B. P. interim... between-presidents... the vigorous vice-president also heads the chemistry department... occasionally growls at freshmen chem majors...

dr. gordon B. castle, dean of the college of arts and sciences and senior academic dean, meets the "only down a few" grade-point-and-credit jockeys on the campus... is a most helpful and congenial "come back in a year" man...

...genial maintenance-man tom swearingen is hit at every turn with gripes from student car-owners, yet he manages to keep a somewhat valuable physical plant in good shape ...
Herb Wunderlich with the tweeds and pipe fills MSU's new dean of students position... is the main man behind the men... keeps the fraternities and dorms in line and still has time to teach a class...

... capable Dr. Maurine Clow as associate dean of students is the program-chairman for MSU's women... she does the impossible in knowing every coed... always has a new idea for development of women's organizations...

men at the top of each of the various divisions and schools... freshmen respect them for a certain severity, usually imagined... sophomores saw them last year... juniors begin to find that they are human too... after watching the administration involved in grinding out reputable graduates, four year people appreciate them less as the men who sign the registration cards or the recommendations... more as men who know the depths of their fields...
... every branch of the curriculum at MSU has finally been accredited by the various agencies... these men are responsible for setting up approved obstacle courses of study... for co-ordinating and balancing the work of their staffs... for maintaining and building their departments and schools...
senior officers

... jim murphy, joan smith, ginny floyd, marion bell form the class officer contingent for the senior class ... laura bergh and torv halverson ably represent the class as delegates to central board and spend their tuesday afternoons on asmsu problems ... senior officers worked their final spring quarter organizing committees for commencement week activities ... advised the faculty group in their double-ceremony or rain-on-dornblaser discussions ...
biggest class in msu history . . . representing the postwar collegiate era of the veterans and the high school kids, the government check and the book line . . . enrollment figures and dormitory walls bulged . . . fraternities stocked double orders of pledge pins . . . the rah-rah thought the others apathetic but the study lamps burned along with the parade flares . . . paradox continued for four years . . . through comprehensives, seminars, through graduation . . . and the "trade schools" walked off with the "uncommon man" honors first . . .

junior officers

... junior officers, 1950 model, edna geary, president; everett chaffin, vice-president; joan beckwith, secretary (not pictured); helen lambrose, treasurer; george fox, central board delegate ... since the junior prom folded the raison d'être of junior officers has become rather intangible but we must not forget that if it were not for junior class officers and the like, the raison d'être of yearbooks too would become even more intangible than it is. as usual class affairs were handled admirably and with the utmost dispatch.

'51
. . . no one knows quite what this picture has to do with the junior class, but if one were to attempt to define concisely what the junior class consists of in msu's heterogeneous mass of students the same difficulty would be encountered . . . but they remain on the amsu books like an account that long since should have been re-opened under a new name . . .
sophomore officers

... headed by Robert Hasquet ... Audrey Olson, Barbara Blakeslee, and Dick Wholgenant were the big wheels in the sophomore class ... Dick, as central board delegate, spent many ASMSU hours and divulged nonapathetic tendencies in the unity party swing this spring ... has a high interest in student government ... following in the wake of a long standing tradition, the other officers accomplished absolutely nothing ... were comparatively unknown in their official capacity, save for yearbook pictures and soon forgotten. aber day ballots, but have high rank in sophomore activity annals ...
. . . reaping the fruits of their freshmen activities, the sophomore class is kept busy with spur, bearpaw, and a.l.d. . . . with a year behind them they think they know which classes they can cut . . . which are the really accepted msu traditions . . . sophomores are familiar with the faces on campus and feel at home . . . use their year to change their majors, finish survey courses, and adjust the hour-budget for study and play . . .
frosh officers

... after orientation and settling down to semi-routine of college life ... the freshmen elect their officers for the year ... the big chief this year was Jack Stewart ... other officers included Kay Millions, Carol Wickes, Danny Lambros, and Bill Mcmasters ... new to the ways of MSU government, they watch and learn but do little in their official capacity ... they get their names in the campus limelight which is good for future activities ... were more asmsu minded than some of their contemporaries ... have a start toward honoraries and service organizations in the years to come ...
like children with new toys, freshmen want to see how college works... and they'll try anything once... volunteering for the dirty work in exchange for spur and bearpaw points, they bring with them the annual freshness and vitality that goes with painting the m and racing for the tower bell... as they are introduced to the old standbys... as the day... sos... they set the foundations for their life at msu...
BOOK II
... the satin band with the inscription, "miss montana," represents more man-hours of labor than any other project of its kind on the campus. carol fraser was the honored recipient in '49 . . .

... the bear paws decided that they could raise money by throwing a dance as well as selling pop and proudly crowned edna geary as their "spur of the moment" for the year . . .

... "it makes little difference what i talk about because you won't remember what i say, even if it's important, which it isn't" . . . governor adlai stevensen of illinois, commencement address, 1950 . . .
... the excellent work of Mr. Freeman and the convocations committee deserves much praise but student presentations, with the bright exception of music groups, seldom get above the level of the liver stable.

... interscholastic—to give aid and comfort to the competition minded, to do a selling job for higher education, especially at MSU.

... aber day, when those who study have a chance to get a few blisters on their collective hands and let off a little steam; for those who are not bothered with details like studies, the steam valves can be released, for once, legitimately. All in all it usually turns out to be a rather creditable clam-bake.
bear paws turned on a full scale initiation, began to realize that the alpha phi omegas were a red hot contender in the service honoraries division.

in the fall

... an informal tea was the first step as this year's group of foreign students strode into an important place on the campus.
the green beanie—symbol of controversy and triumph for pepsters; of course no one would be interested in what is underneath it.

the letter on the hill, the symbol of one segment of American college life. Here the frosh pay homage by anointing themselves with its blood.
homecoming

... the alums want to see the best game possible, the athletic board would prefer a second rate game so as to have two large gates for the season, the team always seems to pile up a year's tough luck in one game—but, my gawd, it is the greatest boon to montana athletics since the invention of the slot machine...

... as can be easily ascertained by the strained expressions, idaho got all carried away with this football business...

... rousing the faithful—the kids work hard against rather tough odds; which, perhaps, is justifiable in the whole scheme of things...

... a queen for the festivities, the regular round of perennial meetings, dances in the halls; all a part of fall quarter at msu...
Annual Fall Rehabilitation
mid-quarter

... and the campus looks quite studious on the whole, the library reading room is crowded, the steps become almost too difficult to navigate. Halloween is supposed to be one of the year's highlights for the kids but actually no one has more fun than people, especially college people. Pan-hell presents the new captures to the public...

... the boys from corbin hall, often leaders in the men's grade index do find time for softball, horseshoes, or even a beer now and then, it is rumored...
Halloween, Annual Affair

What's Your Major?
dances in the

freddie slack led the only name dance band to appear on the campus during the year. the dance inaugurated the new floor in the gold room, was well attended and came out well enough financially to revive the old cry that asmsu should step more into prominence in the social ring-around. distinguishable in the murmur of small voices were mutterings for more asmsu sponsored activities and dances, a male social chairman and all such other things which are annual as mutterings but never seem to get to the action stage...
... the spur-sponsored sadie hawkins day dance was the usual roaring success. the night when the female sex admits that it is a woman's world instead of sitting back with a smug all-knowing smile and spending the money of the subjugated male. the males, however, seem to need nothing more than the assurance that the style of dress will tend toward the exposure of more feminine flesh and less clothes ...
... although it has appeared for years, no one ever bothers to inquire just whose "slop shop" this is or specifically what a "slop shop" is ...

... and here they are in person ... the characters al capp chose to satirize american manners and customs ...

... freddie slack, a fine combination of guy lombardo and kaye kayser; specifically prepared for the poor man ...

... a group of fine healthy american college students enjoying themselves by dancing to one of america's leading dance bands ...

... the kappas entertain behind nancy fields, one of the campus' top talent girls ...
new greek pledges assemble in the union for the traditional afternoon get-acquainted dances . . . .
more of same, one of the few times during the year that one may "go out" without going through the formal processes of msu dating . . . .
more frosh, more dancing, more refreshments, a guarantee for a big night on the north hall steps in the last few minutes before the sacred hour of 1 o'clock . . . .
more frosh again, this time limited to females and the venerable spurs are hosts . . . .

social life

just 198,470 steps behind caruso, christopher lynch serenaded the campus on the community concert schedule . . . .
the music club's night club dance is always the most suave and one of the best received of all school functions, limited tickets are usually sold out well in advance, the entertainment well above the general campus caliber...

in the winter

the jubeleers lead off with a fine arrangement of one of the top songs in america, etc., etc., etc. ...
the barristers migrate in force to the Florence hotel to break out the scotch, don the tux, and crack wise about the dean, the purpose evidently being to prove once and for all to the tottering proletariat that lawyers are the smoothest men on the campus.

quar ter

despite the gooey press releases it is quite a creditable affair and all who attend seem pleased.
more night club dance, the faculty representation.

we phi delts are rather a close bunch, note our share the dgs plan.

dances

welcome aboard, there is room for everyone, if you have a reservation.

there was a big crowd at barristers, for the doubters among the woodticks here is the proof.
sigma delta chi and the rest of the journalism school get the straight scoop from one of the boys who has been on the road, in one of a series of professional lectures and informal smokers . . . .

reach . . .

mato and hari enlivened the community concert program with their very entertaining comic mimics of the dance . . . .

the smarti part is one of the many acts of service by mortar board, some of which are good enough to excite kamin editoral comment . . . .
... so big an affair that only Paul Bunyan himself can preside as patron, the nationally famous forester's ball, the edifice in the upper left is purely for atmosphere...

**the acme**

... they come (are frisked), go (are frisked), and come again (are frisked again). Some sign the guest book, others don't seem to mind if they do or not. The usual shortage of tickets but every one on the campus is there anyhow. Merit points are given at some sorority houses for girls who make the performance both nights...

... Charter Day convocation in honor of MSU's. 57th birthday featured Lowndes Maury, Jr., president McCain and the music groups...

... Original compositions by Maury, congratulatory speeches and a very happy birthday to all...
...aquamaids and the military

...the aquamaids did their usual fine job on their yearly project, a neat little water ballet with a French accent entitled "a scent"... the military moved downtown to the American Legion Hall, for the annual military affair, reports were varied but in all events it provided a fine evening's relaxation after a week of hard studying...

...the umbrellas were discarded before entering the water, there were no casualties, even among the umbrellas...

...what are these people so interested in? their dates perhaps...

...burley; legend, symbol, and grand old man. "I've been called everything else but now they call me a tradition." The class of 1950 will be the last to remember him as dean of men, in taking that memory with us we will remove a part of MSU that will be very difficult to replace...
Hell Gate Winds Blow Colder
... mark seems to get quite a kick out of this business of being mardi gras king.

... your one and only chance to take out any grudge that you have against the thetas.

... more work for the already overworked band, at least they should get seats where they can see the game.

... the snake pit group that walked off with the between-halves singing contest, leader, bill mcnamer.

Leon Cohen was advertising manager, with a staff including Bob Cooney, Jim Chamberlain, Joe Meuchel, Dan Daniels, Frank Weskamp, Bert Morris, Walt Kasberg, Harry Covy, Edward Bangle, and Bob Duval. ... fired up silvertips, ready to eat cougar meat bruised and battered a highly favored Wash. State college team all over the lot at Pullman before Gambold uncorked a long pass to Paul that snatched victory from the grizzly's grasp with only six minutes remaining: 13-7... a highly polished Montana ground game and the cougar's fumbleitis, along with incompetent officiating, gave arm chair quarterbacks something to talk about for weeks after... Washington's Gallaway scored from the two for the Cougars early in the third period after the Grizzly forwards had held stubbornly for six plays. The grizzly score came early in the fourth stanza when Kingsford chucked to Bauer from the twenty-six. Byrne converted. With forty-five seconds remaining Kingsford was on his way to pay dirt when an official ruled him out of bounds on the forty-five. From the press box vantage point, scribes claimed that he was well in bounds... six valuable Cougars were sidelined with injuries and as one Washington sports writer put it, "the grizzlies gave the Cougars all the football they wanted."... o'loughlin, Byrne and Kingsford kept the grizzly offense moving while the entire forward wall turned in an outstanding performance... Skipkey said, "it was a terrific ball game, the grizzlies played their best and when they do that I am satisfied, win, lose or draw. The officiating was the worst we had all year and the three bad calls might well have been the factor that lost us the game. Moving pictures have proven that they were bad calls...

... Grizzly optimism hit a new high when a smaller but more aggressive Montana team defeated South Dakota University 33-13 at Billings in their season opener Sept. 17. ... With new head coach Ted Shipkey at the helm for the first time, the Silvertips had the spark they were missing all last season. Tied up at 13-13 with ten minutes remaining in the last quarter, the Montana team hit their stride and rolled for three quick touchdowns ... although the grizzly line was tough and opened wide holes in the coyotes forward wall, the Montanans found the sky-route much easier and connected with ten of nineteen forward passes ... O'Laughlin, Murphy, Kingsford and holding sparked the grizzly offense. Murphy's tricky running and O'Laughlin's plunging ate up yardage while the well-timed grizzly air arm struck with precision. Lefty Byrne, making his varsity debut before the hometown folks booted three extra points and did his share of the ball carrying ... Montana fans left the game satisfied and confident that Shipkey was the man they had searched for to guide the grizzlies to a respectable position in football circles ... Shipkey said after the game, "I am well satisfied with the squad's progress and the team looked good throughout the game." ...

"our worst defensive game all year; grizzly tacklers slipped off of runners. o'loughlin played well as always and averaged better than eight yards per try," shipkey said . .

Despite sub-zero weather in the winter and liquid sunshine in the spring, they come by bus or on foot to take their part in this panorama called college.
between business ad and biology they have baby sitting problems and diapers to change... a hard-working, earnest community of students... little money but lots of energy... they are the ones that set that grade curve soaring... apart from the general run of college "joyboys" due to their adult responsibilities... have their fun and social life too... here, indeed, college is a family affair...
... pan-hel and interfrat did their bit to keep the Greeks in smooth running order... heard the gripes and set the rules for fraternity row... this spring interfrat started their own little political fiasco and pan-hel got mad... mad enough to stand on its own two feet and throw the elections really open... forgiving and forgetting difficulties of years past, interfrat went so far as to elect a member of the snakepit as next year's prexy... both are concerned with keeping the Greeks working as happy units... .

... moved down to join the 500 on university row this year with a beautiful newly decorated house ... activity girls ... entering wholeheartedly into competitive activities ... came out with a clever idea for the song fest this spring ... open house in the fall, firesides during the quarter ... ended the social whirl with a spring formal dinner dance ... politically conscious ... are one of the top seven ...

Dec. 14, 1950

I do not believe that editorials have any place in a year book, but when a book is a full quarter late I certainly owe the student body a word of explanation. Even if I did feel inclined to place the blame on anyone for this faux pas, the many varied circumstance would not allow me to do so. If the onus must fall, please place it upon Doris and myself, for on us it rightly rests. Doris and I have attempted in our small way to give you a yearbook that you can keep with pride for many years to come. The degree of our success rests in your opinion. The book is finally here, I hope you like it. There are hundreds of the usual mistakes, mis-spellings, names out of order, etc. These I hope you will forgive and charge off to human frailty. I hate to mention names in giving thanks for I am sure to leave someone out who is deserving. But the book would never have appeared: without the faithful staff who put up with my ill humor and Doris' frivolity, without Bill Remington and Frank Cross of the Reporter Printing and Supply Company who wrestled their way through late copy and cuts, without Marvin Gilardy of the California Art and Engraving Co., without the pictures of Ernest Briscoe who gave us some of the finest individual pictures we have ever had, without Cyrile who must bear the brunt for every late Sentinel, and without the many others whom I hope to thank personally. Lastly, my greatest thanks go to you, the student body, who have so kindly and so patiently put up with the delay. I only hope that you will be well enough pleased with the book to overlook our many errata.

Sincerely,

Bob O'Neil
What About Electric Utilities?

A lot of misleading statements these days are leading the people away from a true realization of what American electric utility companies are and what they stand for. We'd like to point out a few FACTS about the industry in the hope that they will give you a better understanding of its position.

First of all, the electric utility industry means more than 43,000,000 customers who are being served efficiently at reasonable rates under federal and state regulation. It means millions of Americans who, as stockholders, have invested their money to help the industry grow and serve.

In this state, the Montana Power Company is bringing electric service to 390,000 persons. It is a MONTANA COMPANY, owned by approximately 30,000 investors from all walks of life.

The electric service Americans enjoy is the direct result of round-the-clock effort by 291,000 men and women who are employed in the industry.

More than 1,200 of your neighbors are working for you as employees of the Montana Power Company.

Generating capacity of the industry has grown to more than 64 million kilowatts, an increase of 279 per cent in the last 30 years. And by 1970, this generating capacity will have grown to more than 200 million kilowatts.

Generating capacity of The Montana Power Company now totals 398,000 kilowatts, and completion of our Billings steam-electric generating station in 1951 will raise that total to 464,000 kilowatts. We are constantly building to serve Montana's needs.

The electric utility companies of the nation in 1949 paid $803,000,000 in taxes, of which $451,000,000 went to the Federal Government and $352,000,000 was paid to state and local governments.

The Montana Power Company is a taxpaying partner of all Montanans. Its 1949 tax bill was $6,140,823, of which $3,646,739 was paid to the Federal Government and $2,494,084 went to state and local governments.

Integrity in the drug business begins in the prescription department. Our pharmaceuticals are the finest procurable and our pharmacists the most highly skilled. Yet we feel that we can claim integrity in another way... by practicing fair-profit merchandising of the most reliable brands. SO... save on at the Save On Drug... you'll be buying the best for less.

Approximately one quarter of the total cost of this yearbook was paid for by the advertisers whose ads appear on these pages. These merchants have taken this means to express their interest in our University. Many of them are alumni and parents — many are just friends of the University. All are friends in the finest sense of the word.

The merchants who appear in the 1950 Sentinel have been most generous in their support. We can all express our gratitude by patronizing these advertisers whenever the occasion arises.

NORTHERN BAR and COCKTAIL LOUNGE
Montana of Other Days

In the early 1860's, a stage line journey from Virginia City to Salt Lake City required four days and nights and cost $75—in gold.

Missouri river steamboats which carried passengers and freight to Montana in the early nineteenth century required from two to three months to negotiate the treacherous river from St. Louis, Mo., to Fort Benton, Montana.

According to some historians, Jim Bridger was in the Emigrant gulch district as early as 1830.

Plug tobacco sold for $5 per pound during the winter of 1864-65 in Yellowstone City. Smoking tobacco sold for $18 an ounce.

In 1885, the first year for which figures were available, 79,089 head of cattle were shipped from Montana to various markets.

The first report of the territorial auditor of Montana in 1865 stated there were 4,325 head of oxen and 1,896 cows and calves returned for assessment.

Geology teaches that 5,000,000 years ago Montana was the bed of a great sea.

Virginia City, in the gold rush days, dispatched as many as 600 letters a day at a postage rate of $1 per letter. No ink being available, all letters were addressed in the juice of wild gooseberry.

On Jan. 1, 1884, the value of Montana's cattle industry was placed at $30,000,000—a sizable figure in view of the youth of the industry and the fact that mining was being followed chiefly in the state.
