American colleges and universities have turned forth
the class of 1950. We are not a class filled with
hopeful enthusiasm. We were born into the memory
of one world war and fought through another. We seem
determined to know exactly where we are going and
why, but our determination can only help to cover the
doubt and frustrations inherited from our fathers. For
all our physical differences in sheer size, and numerical
age of our members, the class of 1950 is no different
from its predecessors. We lack only the youthful
enthusiasm. Perhaps that has been replaced by a
more mature and wiser knowledge, perhaps only by
ignorant apathy. One cannot write a hopeful and
ringing foreword for the class of 1950 on the eve of
war in Korea for we would look on that as mere
childishness. One can only ask that God will look with
a sympathetic smile upon our petty foibles and hopes
and grant that in these four years we may have begun
to learn and grow strong in knowledge of the foibles,
hopes and wisdom of our fathers, that we will not be
blind to this heritage nor encumbered by it merely.

... dr. james o. mccain graduated, with the class of '50 to the top position at kansas state ... a young energetic president, he leaves his desk in main hall, after a powerful post war period of five years, with a glowing record of administrative achievement and significant development for msu ... liked and respected by students and faculty, the president leaves a campus and a state that is definitely mccain indebted ...

quiet, friendly E. Kirk Badgley, auditor, knows university and student finance...has always been willing to explain or re-explain their frightening intricacies.

MSU's veep, Dr. Richard H. Jesse, will take over for the B. P. interim...between-presidents...the vigorous vice-president also heads the chemistry department...occasionally growls at freshmen chem majors.

Dr. Gordon B. Castle, dean of the college of arts and sciences and senior academic dean, meets the "only down a few" grade-point-and-credit jockeys on the campus...is a most helpful and congenial "come back in a year" man...
j. b. speer keeps a wary eye on the university budget as controller . . . he is the man who knows msu history and every problem that is its financial tradition . . .

traveling registrar leo smith pushed into the frontiers to familiarize montanans with university curricula . . . handles all details . . .

alumni secretary and public service director andy cogswell pushes msu through the public relations channels . . . is the helpful right-hand man for president mc Cain . . .

genial maintenance-man tom swearingen is hit at every turn with gripes from student car-owners, yet he manages to keep a somewhat valuable physical plant in good shape . . .
. . . . herb wunderlich with the tweeds and pipe fills msu's new dean of students position . . . is the main man behind the men . . . keeps the fraternities and dorms in line and still has time to teach a class . . . .

. . . . capable dr. maurine clow as associate dean of students is the program-chairman for msu's women . . . she does the impossible in knowing every coed . . . always has a new idea for development of women's organizations . . . .

men at the top of each of the various divisions and schools. freshmen respect them for a certain severity, usually imagined. sophomores saw them last year. juniors begin to find that they are human too. after watching the administration involved in grinding out reputable graduates, four year people appreciate them less as the men who sign the registration cards or the recommendations. more as men who know the depths of their fields.

every branch of the curriculum at MSU has finally been accredited by the various agencies. These men are responsible for setting up approved obstacle courses of study for co-ordinating and balancing the work of their staffs for maintaining and building their departments and schools.
Jim Murphy, Joan Smith, Ginny Floyd, Marion Bell form the class officer contingent for the senior class. Laura Bergh and Torv Halverson ably represent the class as delegates to central board and spend their Tuesday afternoons on ASMSU problems. Senior officers worked their final spring quarter organizing committees for commencement week activities. Advised the faculty group in their double-ceremony or rain-on-dormblaser discussions.
... biggest class in MSU history... representing the postwar collegiate era of the veterans and the high school kids, the government check and the book line... enrollment figures and dormitory walls bulged... fraternities stocked double orders of pledge pins... the rah-rah's thought the others apathetic but the study lamps burned along with the parade flares... paradox continued for four years... through comprehensives, seminars, through graduation... and the "trade schools" walked off with the "uncommon man" honors first...

junior officers

... junior officers, 1950 model, edna geary, president; everett chaffin, vice-president; joan beckwith, secretary (not pictured); helen lambrose, treasurer; george fox, central board delegate ... since the junior prom folded the raison d'être of junior officers has become rather intangible but we must not forget that if it were not for junior class officers and the like, the raison d'être of yearbooks too would become even more intangible than it is. as usual class affairs were handled admirably and with the utmost dispatch.
no one knows quite what this picture has to do with the junior class, but if one were to attempt to define concisely what the junior class consists of in msu's heterogeneous mass of students the same difficulty would be encountered...but they remain on the amsu books like an account that long since should have been re-opened under a new name...
sophomore officers

. . . headed by Robert Hasquet . . . Audrey Olson, Barbara Blakeslee, and Dick Wholgenant were the big wheels in the sophomore class . . . Dick, as central board delegate, spent many ASMSU hours and divulged nonapathetic tendencies in the unity party swing this spring . . . has a high interest in student government . . . following in the wake of a long standing tradition, the other officers accomplished absolutely nothing . . . were comparatively unknown in their official capacity, save for yearbook pictures and on soon forgotten Aber Day ballots, but have high rank in sophomore activity annals . . . .
... reaping the fruits of their freshmen activities, the sophomore class is kept busy with spur, bearpaw, and a.l.d. ... with a year behind them they think they know which classes they can cut ... which are the really accepted msu traditions ... sophomores are familiar with the faces on campus and feel at home ... use their year to change their majors, finish survey courses, and adjust the hour-budget for study and play ...
. . . after orientation and settling down to semi-routine of college life . . . the freshmen elect their officers for the year . . . the big chief this year was Jack Stewart . . . other officers included Kay Millions, Carol Wickes, Danny Lambros, and Bill McMasters . . . new to the ways of MSU government, they watch and learn but do little in their official capacity . . . they get their names in the campus limelight which is good for future activities . . . were more asmsu minded than some of their contemporaries . . . have a start toward honoraries and service organizations in the years to come . . .
like children with new toys, freshmen want to see how college works... and they'll try anything once... volunteering for the dirty work in exchange for spur and bearpaw points, they bring with them the annual freshness and vitality that goes with painting the m and racing for the tower bell... as they are introduced to the old standbys... aber day... sos... they set the foundations for their life at msu...
BOOK
II
spring
. . . . the satin band with the inscription, "miss montana," represents more man-hours of labor than any other project of its kind on the campus. carol fraser was the honored recipient in '49 . . . .

. . . . the bear paws decided that they could raise money by throwing a dance as well as selling pop and proudly crowned edna geary as their "spur of the moment" for the year . . . .

. . . . "it makes little difference what i talk about because you won't remember what i say, even if it's important, which it isn't" . . . . governor adlai stevensen of illinois, commencement address, 1950 . . . .
... the excellent work of Mr. Freeman and the convocations committee deserves much praise but student presentations, with the bright exception of music groups, seldom get above the level of the liver stable.

... interscholastic—to give aid and comfort to the competition minded, to do a selling job for higher education, especially at MSU.

... aber day, when those who study have a chance to get a few blisters on their collective hands and let off a little steam; for those who are not bothered with details like studies, the steam valves can be released, for once, legitimately. All in all it usually turns out to be a rather creditable clam-bake.
bear paws turned on a full scale initiation, began to realize that the alpha phi omegas were a red hot contender in the service honoraries division.

... an informal tea was the first step as this year's group of foreign students strode into an important place on the campus.

in the fall
the green beanie—symbol of controversy and triumph for pepsters; of course no one would be interested in what is underneath it . . . .

... the letter on the hill, the symbol of one segment of American college life. Here the frosh pay homage by anointing themselves with its blood . . . .
. . . . the alums want to see the best game possible, the athletic board would prefer a second rate game so as to have two large gates for the season, the team always seems to pile up a year's tough luck in one game—but, my gowd, it is the greatest boon to montana athletics since the invention of the slot machine . . . .

. . . . as can be easily ascertained by the strained expressions, idaho got all carried away with this football business . . . .

. . . . rousing the faithful—the kids work hard against rather tough odds; which, perhaps, is justifiable in the whole scheme of things . . . .

. . . . a queen for the festivities, the regular round of perennial meetings, dances in the halls; all a part of fall quarter at msu . . . .
Annual
Fall
Rehabilitation
... and the campus looks quite studious on the whole, the library reading room is crowded, the steps become almost too difficult to navigate. halloween is supposed to be one of the year's highlights for the kids but actually no one has more fun than people, especially college people. pan-hell presents the new captures to the public ... 

... the boys from corbin hall, often leaders in the men's grade index do find time for softball, horseshoes, or even a beer now and then, it is rumored ...
Halloween, Annual Affair

What's Your Major?
freddie slack led the only name dance band to appear on the campus during the year. the dance inaugurated the new floor in the gold room, was well attended and came out well enough financially to revive the old cry that asmsu should step more into prominence in the social ring-around. distinguishable in the murmur of small voices were mutterings for more asmsu sponsored activities and dances, a male social chairman and all such other things which are annual as mutterings but never seem to get to the action stage...
the spur-sponsored sadie hawkins day dance was the usual roaring success. the night when the female sex admits that it is a woman's world instead of sitting back with a smug all-knowing smile and spending the money of the subjugated male. the males, however, seem to need nothing more than the assurance that the style of dress will tend toward the exposure of more feminine flesh and less clothes.

In his first year as MSU athletic director, CAC Hubbard put MSU athletics on sound financial feet and expanded the entire athletic program. With the switch to the Sky-line Six conference, the athletic future looks brighter than it has in years.

Ted Shipkey in his first year at the helm of Grizzly football came out with more wins than losses and turned out a fighting aggressive Grizzly team that should go far in the Sky-line Six conference next fall.

South Dakota 13; MSU 33

... Grizzly optimism hit a new high when a smaller but more aggressive Montana team defeated South Dakota University 33-13 at Billings in their season opener Sept. 17... With new head coach Red Shipkey at the helm for the first time, the silvertips had the spark they were missing all last season. Tied up at 13-13 with ten minutes remaining in the last quarter, the Montana team hit their stride and rolled for three quick touchdowns... although the grizzly line was tough and opened wide holes in the coyotes forward wall, the montanans found the sky-route much easier and connected with ten of nineteen forward passes... O'Laughlin, Murphy, Kingsford and holding sparked the grizzly offense. Murphy's tricky running and O'Laughlin's plunging ate up yardage while the well-timed grizzly air arm struck with precision. Lefty Byrne, making his varsity debut before the hometown folks booted three extra points and did his share of the ball carrying... Montana fans left the game satisfied and confident that Shipkey was the man they had searched for to guide the grizzlies to a respectable position in football circles... Shipkey said after the game, "I am well satisfied with the squad's progress and the team looked good throughout the game."...

Utah State 13; MSU 16

... Coach Shipkey was right when he said, "Utah State will be no pushover." Leading 16-0 at the end of the third quarter, the grizzlies showed their first let-up of the season, letting the aggies score thirteen points in the final quarter... Grizzly line play was at its best in the first half holding the aggies to a total of 13 yards. Bauer was specially effective, dumping everything that came his way and spilling Caputo in the end zone for a safety... Bauer went forty yards on an end-around for the first grizzly score and Kingsford drove over for the second touchdown after O'Laughlin had intercepted Adams' pass and carried it to the two... the silvertips had their claws sharpened and aimed at all-conference Jay Vannoy and kept him bottled for the full sixty minutes... Kuberich played sixty minutes of hard ball for the grizzlies and was outstanding on defense. Byrne booted both placements... This marked the first time in five years that the grizzlies had beaten the aggies... Shipkey said, "We played good defense and the only time that the aggies could get going was against our second and third string linemen."...

... in a dual meet with the eastern washington college of education savages at cheney, the grizzlies lost the relay and the meet at the same time, 70-61. much improvement was shown by the grizzlies but their lack of depth was the deciding factor. joe luckman was a triple winner, taking the broad jump, 100 yard dash and the 220. ripke placed second to doyle in the discus ... the following weekend the grizzlies won the state cinder crown by running the bobcats into the ground and winning every event, score 99-32. luckman breezed to easy wins for his second triple win of the season and the entire team showed the benefits of a few days warm weather. ... the idaho meet was the highlight of the season, with the grizzlies wins by luckman brought fifteen points, cope forgot his baseball duties for a day to win the high-jump for montana. doyle whipped the platter 166 feet plus for a new stadium record ...

sophomore john badgley was a constant point getter in the hurdles and showed promise that this was only the beginning.
... the frosh had little difficulty winning from the bobkittens and from the missoula spartan team that stacked up more points than any other interscholastic winner in history
... individual performers showed a great deal of promise. "Bill Rife should be one of the greatest distance runners in the history of the university," proclaimed coach Harry Adams. Leon Conner, Dave Hurtt, and Bill McMaster showed well in the middle distances and sprints. Eaton in the broadjump and Luckman in the shot look good. Others pointing to big MSU track years in the future are Spogen, Britton, Buckingham, Bryant, Coppedge, Johnson, and Carpenter...

pitching was good in both games; tabaracci limiting

grizzly baseball hopes dropped two more points after
dropping two to Gonzaga; five to one and two to one

a neat five-hitter in the opener and lefty Mulcahy kept
the silverwips well under control allowing only five hits
in eight innings in the second game. oloughlin and
cape worked well on the mound for montana, pitching
six and seven hitters respectively. holding and greeley
rapped out doubles in the nightcap. the grizzlies

coach chinske discovered that pitcher Jim Lucas had
run out his pcc eligibility. the grizzlies finally hit

The Grizzlies dropped their next ball game to Idaho; five to four. Idaho's Hal Hunter socked a single to score Red Grider from second base in the seventh inning to break a four to four tie and hand the Vandals a victory. Rebounding from the Idaho defeat the Grizzlies got back in the win column by edging the Eastern Washington savages eight to seven in an eleven inning game at Missoula. Grizzly second baseman Hilgenstuhler rapped out a single to score Nicol from third and break up the ball game. It was a wild hitting affair with the Grizzlies collecting thirteen hits off two savage chuckers. O'Loughlin and Fornall gave eighteen hits to the savages. Montana rapped safe hits off Gonzaga pitcher previs to defeat the Bulldogs seven to three in the first game of a three-game series at Missoula. Jack O'Loughlin, Grizzly Moundsman had a shut-out till the sixth and struck out nine. He allowed only one earned run. Cahart and Doucette got timely doubles for Montana.

The next day the Grizzlies swept two more from the Bulldogs, winning the morning game seven to six when Doucette, Grizzly shortstop singled sharply to left with the bases loaded to beat Gonzaga's great curve-ball artist, Jack Curran. Tabaracci went the route for the Silvertips, allowing thirteen hits and walking only one.

In the afternoon game, Montana won in the tenth, four to three on Hilgenstruhler's drive to left center to score Nicol. baseball - 1949

grizzly baseball hit its height in post-war comeback in 1950. The highlight of the season was Jim Lucas’ win over Washington State, later Northern Division champions. The grizzlies proved their mettle in Northern Division competition as well as among the northwest. The good showing against coast conference teams won the promise that Montana might be granted a full coast conference schedule in 1951, a hope that will be gladly replaced by a full schedule with the Skyline Six conference where the grizzlies will no longer have the former difficulties in obtaining a schedule.

The end of the 1950 season saw the graduation of the four-year lettermen who have been the mainstays of all grizzly athletics for the post-war period. BOOK III
... the home of the "peeping toms" with eyes or telescopes trained on neighboring north hall windows ... a group including many fraternity men ... they share their meals with the new hall girls and spend many hours of the day standing on their front steps watching the feminine population ... often provide the girls with after-hours serenades in some off-key vocalizing ... they have a social function every quarter ... are free to come and go pretty much as they please ...

a sprawling reminder of post-war rush housing, jumbo hall provides a rather feeble roof over the heads of a heterogeneous group of college men . . . mostly non-fraternity . . . they have a priority on freshmen women via the chowline at north hall and challenge the young lovelies to a riotous baseball game, show them through their boudoirs on jumbo hall day . . . an occasional card game up in the room and lounging on the front steps of north hall are favorite diversions . . . living is strictly on independent basis . . .
jumbo hall

... jumboites beat every greek team on campus this year to win softball intramural honors ... their big social function comes in the spring with an open house in the afternoon and a formal dinner dance that evening ...

... more scholarship-minded than their younger counterparts at North, these girls keep their dating on a more staid and stable basis... are active in women's sports but take little interest in campus politics...
new hall

... a chance to survey the new world before them with the sympathetic backing
of their own class ... they come to see, learn, and conquer ... the main topic
of conversation is men ... studying is spasmodic ...
... evenings find the front porch well populated ... quarterly dances and pajama parties provide entertainment other than dates ... along with the proverbial bull sessions ... self governing for a year, north hall life introduces them to the sophistication they long for ...

greek councils

... pan-hel and interfrat did their bit to keep the greeks in smooth running order ... heard the gripes and set the rules for fraternity row ... this spring interfrat started their own little political fiasco and pan-hel got mad ... mad enough to stand on its own two feet and throw the elections really open ... forgiving and forgetting difficulties of years past, interfrat went so far as to elect a member of the snakepit as next year's proxy ... both are concerned with keeping the greeks working as happy units ...
... moved down to join the 500 on university row this year with a beautiful newly decorated house... activity girls... entering wholeheartedly into competitive activities... came out with a clever idea for the song fest this spring... open house in the fall, firesides during the quarter... ended the social whirl with a spring formal dinner dance... politically conscious... are one of the top seven...

Dec. 14, 1950

I do not believe that editorials have any place in a year book, but when a book is a full quarter late I certainly owe the student body a word of explanation. Even if I did feel inclined to place the blame on anyone for this faux paus, the many varied circumstance would not allow me to do so. If the onus must fall, please place it upon Doris and myself, for on us it rightly rests. Doris and I have attempted in our small way to give you a yearbook that you can keep with pride for many years to come. The degree of our success rests in your opinion. The book is finally here, I hope you like it. There are hundreds of the usual mistakes, misspellings, names out of order, etc. These I hope you will forgive and charge off to human frailty. I hate to mention names in giving thanks for I am sure to leave someone out who is deserving. But the book would never have appeared: without the faithful staff who put up with my ill humor and Doris' frivolity, without Bill Remington and Frank Cross of the Reporter Printing and Supply Company who wrestled their way through late copy and cuts, without Marvin Gilardy of the California Art and Engraving Co., without the pictures of Ernest Briscoe who gave us some of the finest individual pictures we have ever had, without Cyril who must bear the brunt for every late Sentinel, and without the many others whom I hope to thank personally. Lastly, my greatest thanks go to you, the student body, who have so kindly and so patiently put up with the delay. I only hope that you will be well enough pleased with the book to overlook our many errata.

Sincerely,

Bob O'Neil
What About Electric Utilities?

A lot of misleading statements these days are leading the people away from a true realiza-
tion of what American electric utility companies are and what they stand for. We'd like to
point out a few FACTS about the industry in the hope that they will give you a better under-
standing of its position.

First of all, the electric utility industry means more than 43,000,000 customers who are
being served efficiently at reasonable rates under federal and state regulation. It means millions
of Americans who, as stockholders, have invested their money to help the industry grow and
serve.

In this state, the Montana Power Company is bringing electric service
to 390,000 persons. It is a MONTANA COMPANY, owned by approxi-
mately 30,000 investors from all walks of life.

The electric service Americans enjoy is the direct result of round-the-clock effort by 291,-
000 men and women who are employed in the industry.

More than 1,200 of your neighbors are working for you as employees
of the Montana Power Company.

Generating capacity of the industry has grown to more than 64 million kilowatts, an
increase of 279 per cent in the last 30 years. And by 1970, this generating capacity will have
grown to more than 200 million kilowatts.

Generating capacity of The Montana Power Company now totals 398,000
kilowatts, and completion of our Billings steam-electric generating station in
1951 will raise that total to 464,000 kilowatts. We are constantly building
to serve Montana's needs.

The electric utility companies of the nation in 1949 paid $803,000,000 in taxes, of
which $451,000,000 went to the Federal Government and $352,000,000 was paid to state
and local governments.

The Montana Power Company is a taxing partner of all Montanans.
Its 1949 tax bill was $6,140,823, of which $3,646,739 was paid to the Federal
Government and $2,494,084 went to state and local governments.

YOUR PART

Approximately one quarter of the total cost of this yearbook was paid for by the advertisers whose ads appear on these pages. These merchants have taken this means to express their interest in our University. Many of them are alumni and parents — many are just friends of the University. All are friends in the finest sense of the word.

The merchants who appear in the 1950 Sentinel have been most generous in their support. We can all express our gratitude by patronizing these advertisers whenever the occasion arises.

. . . NORTHERN BOUND

NORTHERN BAR and COCKTAIL LOUNGE
Montana of Other Days

In the early 1860's, a stage line journey from Virginia City to Salt Lake City required four days and nights and cost $75—in gold.

Missouri river steamboats which carried passengers and freight to Montana in the early nineteenth century required from two to three months to negotiate the treacherous river from St. Louis, Mo., to Fort Benton, Montana.

According to some historians, Jim Bridger was in the Emigrant gulch district as early as 1830.

Plug tobacco sold for $5 per pound during the winter of 1864-65 in Yellowstone City. Smoking tobacco sold for $18 an ounce.

In 1885, the first year for which figures were available, 79,089 head of cattle were shipped from Montana to various markets.

The first report of the territorial auditor of Montana in 1865 stated there were 4,325 head of oxen and 1,896 cows and calves returned for assessment.

Geology teaches that 5,000,000 years ago Montana was the bed of a great sea.

Virginia City, in the gold rush days, dispatched as many as 600 letters a day at a postage rate of $1 per letter. No ink being available, all letters were addressed in the juice of wild gooseberry.

On Jan. 1, 1884, the value of Montana's cattle industry was placed at $30,000,000—a sizable figure in view of the youth of the industry and the fact that mining was being followed chiefly in the state.
