Resolution to change the Bylaws

Whereas, the election bylaws are in need of a serious overhaul,

Resolution to amend Fiscal Policy

Whereas, in order to match campaign expenditures for ASUM candidates, the ASUM Senate must appropriate funds annually to cover costs,

Whereas, with a group of 40 Senate candidates, 4 Business Manager candidates, and 4 teams for ASUM President/Vice President, an allocation of $2,500 would be sufficient to cover 50% of the total cost.

Therefore let it be resolved, that the Associated Students of The University of Montana support the following addition to fiscal policy:

“24.0 ASUM Elections Account
24.1 At the beginning of each fiscal year, $2,500 shall be deposited in the ASUM Elections Account.
24.2 After expense forms have been approved by the ASUM elections committee, ASUM will match 50% of candidate expenditures with receipts in the form of a reimbursement.
24.3 Any claimed expense without a receipt will not qualify for the matching reimbursement.”

April 29, 2003

Dear Board on Budget and Finance:

    I am writing this to request a zero-base allocation for $2,500. If the ASUM Senate passes a pending resolution to amend its bylaws, the ASUM will need funding for campaign expenditures.

    Following the same model as the fiscal policy change, $2,500 would cover 40 Senate candidates, 4 Business Manager candidates, and 4 President/Vice President candidate teams.

    Following this year, if the resolution passes, the money will become a non-negotiable allocation in the ASUM funding model. This means that it will be similar to Special Allocations in the sense that it is not debatable during budgeting.

    If you have any comments or concerns, I can be reached via the information below.

Sincerely,

Jon Swan

Resolution Regarding Transition Period

Whereas, one of the barriers of having a successful student government is the problem of annual turnover,

Whereas, ASUM often becomes more effective towards the end of the year,

Whereas, ASUM would better serve students with an efficient and effective turnover of executive officers,

Whereas, a policy that outlines a transition period of the executives of the ASUM would help the organization hold continuous credibility,

Whereas, the ASUM, through its bylaws, has time available for such a transition between the period immediately after elections and the first meeting of the newly elected ASUM Senate,

Therefore Let it be Resolved, that the Associated Students of The University of Montana support the following addition to the ASUM bylaws:

Section 9 Transition of Executives

1. The day following the verification of the ASUM elections, the executives still holding office shall start a transition period with the newly elected students.
2. This shall last until the night that the new executives are sworn in.
3. The transition period shall involve the following activities, but is not limited to them: (All items must involve both the outgoing and incoming officer)
   a. Office Equipment use,
   b. Meeting with all Agency directors and classified staff,
   c. A discussion and possible outline of pending issues not completed by outgoing ASUM Executive Officer,
   d. A discussion on future plans of incoming officer,
   e. Meeting with Administrators, and
   f. Meeting with ASUM Advisors
4. The time that is spent during the transition shall be written and reported to the ASUM Office Manager and ASUM Advisors. Ten of the twenty hours of work for each week must include the activities outlined in Section 9, Item 3 of the ASUM Bylaws. These hours must be confirmed by the ASUM Office Manager for payroll.

Resolution in Support of University of Montana International Students

Whereas, the International Students of the University of Montana make up a significant portion of the overall student body, nearly four hundred (400) full-time individual students overall;

Whereas, International Students contribute in ways and means not only as previously mentioned stated but also economically to UM and Missoula communities and their businesses at large. This, despite the fact that most International students are not eligible for such opportunities as financial aide, including but not limited to financial aide, academic and needs based scholarships, loans, work-study jobs and other employment opportunities;
