President's Report

a. Peterson-Rosenleaf moved to approve Tricia Patten as SPA Director, as forwarded by the Interview Committee. Swan's previous question call passed, and the motion passed.

The Chair recognized the presence of Ellingson and Harsha.

b. Peterson-O'Loughlin moved to approve Chad Rees to fill the vacant Senate position, as forwarded by the Interview Committee. Tabibnejad's previous question call passed, and the motion passed.

c. Dean Couture swore in Rees.

d. President Dennison commented and answered questions about his proposal to shorten Christmas break from five to two or three weeks and move intersession courses to follow spring semester's end.

e. Marcia Ronck, Director of ASUM Child Care, invited Senate to visit the office, centers or homes and also to join in on their homecoming parade float. She explained the child care program.

f. UC Director Zarr and Dining Services Director LoParco talked about the UC/Dining Services history and current situation.

g. Tracy Stone-Manning, Clark Fork Coalition Director, spoke on the Milltown Dam issue.

h. Peterson stressed the need for Senators to be prompt for the Senate meetings and to show up for the breakfast meetings.

i. The NCAA committees work to re-certify the UM athletic program. The following Senators will service on these committees: O'Loughlin - Fiscal Integrity; Schilke - Gender Equity; Rosenleaf - Government Compliance; Wilcox - Academic Integrity.

j. Contact Peterson if interested in a student interest retreat to be held September 28-30 by Montana Campus Compact, which promotes service learning in campus situations.

k. The Board of Regents meeting will be in Billings the 26th-28th. Departure will be 1 p.m. Wed. returning late afternoon on Friday.

l. Get Out the Vote will be moving ahead quickly, with registration due by October 6th for the November election. A main concern is occupancy standards.

Reaffirmation of ASUM’s Support for the Removal and Cleanup of Milltown Dam

Whereas, The University of Montana as well as the city of Missoula depends heavily on the water from the Clark Fork River which is filtered through the Milltown Dam;

Whereas, the Milltown Dam is a part of one of the nation’s largest superfund sites;

Whereas, the Milltown Dam contains 6.6 million cubic yards of contaminated sediments, including arsenic, barium, copper, iron, lead and zinc and is hazardous to the health of the Clarkfork River as well as all of its natural inhabitants;

Whereas, the dam presents a migratory problem to fish labeled endangered;

Whereas, the dam is particularly susceptible to “acts of nature” such as the 1996 ice flow, which carried toxic sediments downstream and heavily affected fish populations;

Whereas, the city of Missoula has presented a united front to decommission and remove the dam.

Therefore let it be resolved, that the Associated Students of The University of Montana support the cleanup and removal of the Milltown Dam.
