ASUM Office Manager
Resolution to Oppose the Proposed Rock Creek Mine

Whereas: the proposed Rock Creek Mine tunnels through a Wilderness area, and

Whereas: the proposed Rock Creek Mine would seriously endanger fish and wildlife habitat, and

Whereas: the proposed Rock Creek Mine would pollute the Clark Fork and Rock Creek Watersheds, and

Whereas: the proposed Rock Creek Mine would reduce the quality of the visitors' wilderness experience through aesthetic displeasure and noise pollution, and

Whereas: the company that will build the mine, ASARCO, is responsible for 1/3 of all superfund sites in the U.S., and has a history of environmental damage, and

Whereas: mining operations are a boom and bust business and would have negative long-term effects on the economy in the region, and

Whereas: the proposed Rock Creek Mine does not benefit Montanans, but rather a multi-billion dollar operation;

Therefore: The Associated Students of The University of Montana are strongly opposed to the proposed Rock Creek Mine in the Cabinet Wilderness Area. Furthermore, ASUM will submit a statement of opposition to public comment on the issue.

Authoring: Erin Thompson, ASUM senator

Whereas: the two companies involved in the ownership of the Rock Creek mine have a history of environmental damage, including ASARCO, which is responsible for 1/3 of all superfund sites in the U.S., and

Passed 11-29-00
Resolution to Require Independent Credit Card Debt Information

Whereas: Students at the University of Montana should be informed of the dangers of credit card debt, and

Whereas: According to a 1998 MontPIRG report on college students and credit cards, students who obtained cards at campus tables had unpaid balances 17.8% higher than those who had not, and

Whereas: Credit card vendors were prohibited in 1999 from soliciting in the University Center for the use of "overaggressive and deceptive soliciting practices," and

Whereas: Because the proceeds from MBNA's Alumni Card go to Career Services, MBNA has been allowed to stay in the UC, and

Whereas: Credit card vendors currently use "impulse buy" tactics to entice students to apply for a credit card without providing adequate, independently published, cautionary and informative literature;

Therefore: The Associated Students of the University of Montana support a change in the Merchant Policy of the University Center to require the following:

1. All credit card vendors must distribute an information sheet discussing the risks associated with the credit card to all patrons of the vendor's table who wish to apply.
2. This information sheet will be provided by the Montana Public Interest Research Group (MontPIRG), and the Consumer Credit Counseling Service.
3. This information sheet must be attached on the top of all credit card applications.

Resolution Regarding Consistent Alcohol Policy Within Washington-Grizzly Stadium

Whereas: occupants of the bleachers are prohibited from consuming or possessing alcoholic beverages while in attendance of events in Washington-Grizzly Stadium.

Whereas: occupants of the luxury boxes are permitted to consume or possess alcoholic beverages while in attendance of events in Washington-Grizzly Stadium.

Whereas: occupants of the bleachers at Washington-Grizzly Stadium are not second class citizens.

Therefore: Let it be resolved that the Associated Students of the University of Montana urge the President of the University of Montana to form a consistent policy with regard to consumption of alcohol in the Washington-Grizzly Stadium.

Therefore: Let it further be resolved that a copy of this resolution be sent to both the Montana Kaimin and the Missoulian.

Passed 11-29-00
Resolution to change University of Montana, fall semester closing date

Whereas, the fall closing date at the University of Montana is December 22\textsuperscript{nd} and closer to Christmas.

Whereas, this might be dangerous to some students, faculty, and staff who might drive hurriedly to reach their destination to have festivities with family and loved ones.

Whereas, Driving safely among students, faculty, and staff is of great concern at the University of Montana.

Therefore, let it be resolved, that ASUM urges the University of Montana administration and faculty senate to work together in changing the closing date for fall 2000 to an earlier date.
