ASUM Office Manager
Resolution to Support ADSUM'S Crusade for Access Funding

Whereas the University of Montana ADA transition plan remains unfulfilled though it was scheduled to be completed in 1995.

Whereas there are many integral computer and media arts labs in completely inaccessible locations thus denying program access to mobility impaired students.

Whereas the University of Montana received no funding to address accessibility issues in the last legislative session.

Whereas disabled students have no direct interface with the Board of Regents and other statewide agencies.

Therefore let it be resolved that ASUM support the efforts of ADSUM and the disabled community on campus to finish the remaining transition plan priorities and that, subsequently, ASUM may voice access concerns to the Regents and other state agencies as opportunity allows.

Sponsored by: Pres. Jessica Kobos

Passed (unanimous) 3/15/00
Resolution to Alter the Proposed Slogan of the University of Montana

Whereas, The University of Montana has made it a priority to promote cultural sensitivity and diversity on campus.

Whereas, The proposed slogan “The Discovery Continues”, as used in current publications, promotes a culturally insensitive theme of Native American aspects in conjunction with Lewis and Clark.

Whereas, current publications failed to list adequate Native American contributions to the success of Lewis and Clark, includes inaccurate pictures and phrases, as well as inaccurate historical misconceptions.

Whereas, it is necessary to use this slogan as an opportunity to educate people and should try to be culturally sensitive to everyone while representing the University of Montana.

Whereas, The slogan is projected to be used as a marketing mechanism and will be on all catalogs and recruitment material that will be circulated throughout the country as well as internationally.

Whereas, The University did not conduct sufficient research with the proper resources on campus whether or not the material would be offensive. These would include experts in the field of cultural diversity, such as the Diversity Advisory Council.

Therefore Let it Be Resolved, that ASUM supports the future use of the slogan to express a broader academic and cultural exploration. In order to accomplish this goal, ASUM supports contacting the Diversity Advisory Council and other appropriate resources on campus as a major tool to avoid future problems. In addition, ASUM supports the formation of a convocation with the University of Montana, interested community members, and various tribes who were directly affected by the Lewis and Clark Expedition to further communication on this issue.

Passed (unanimously)
3/15/00
Resolution Concerning University Catering Services First Right of Refusal

Whereas, ASUM organizations are on limited budgets and are expected to make fiscally responsible decisions.

Whereas, Dining Services First Right of Refusal Policy forces student groups to use the University Food Service Venue.

Whereas, the University Food Service is unable to provide catering at a reasonable cost to student groups.

Whereas, release from the First Right of Refusal would be a more fiscally responsible use of ASUM funds.

Therefore Let it be Resolved, that the Associated Students of The University of Montana request exemption from University Catering Service First Right of Refusal policy in order to provide a more reasonable alternative to student groups and agencies.

Resolution to Change the Format of the Student Schedule Bill at The University of Montana

Whereas, the current student tuition bill lists an itemized account of all Mandatory Fees.

Whereas, the increasing number of Mandatory Fees has forced the ‘lumping’ of fee names due to Banner’s limitations.

Whereas, the ‘lumping’ of fees creates confusion for students and parents at The University of Montana.

Whereas, the Office of the Commissioner of Higher Education’s Taskforce on Course Fees has recommended a change to the Student Schedule Bill.

Whereas, the University of Montana already publishes a description of its mandatory fees in the Course Catalog.

Therefore Let it be Resolved, that the Associated Students of The University of Montana support the combining of Tuition and Mandatory Fees on the Student Schedule Bill, not to affect the internal matrixes for each fee. Also, an added page dedicated to the explanation of Mandatory Fees in the Student Schedule of Classes, that each student views every semester, to aid in the ease and convenience of understanding the Schedule Bill.
