Whereas, ASUM, the UM Office of Sustainability, Administration and Finance, and the Department of Environmental Studies have been negotiating a revamp and clarification of the duties, job description, and pay grade for the ASUM Sustainability Center;

Whereas, all parties agree that the ASUM Sustainability Center Coordinator should be a current graduate student at The University of Montana, and the position, duties, and pay should mirror that of a graduate assistantship;

Therefore, Let It Be Resolved that in order to attract the most qualified applicants in the future and to ensure that the necessary skills needed to effectively run the ASUM Sustainability Center are present, ASUM amends Personnel Policy Item 4.20-4.21 in the following way;

4.20 ASUM Sustainability Center

4.21 Sustainability Coordinator. The ASUM Sustainability Coordinator is responsible for promoting, developing, and implementing sustainability initiatives and activities at The University of Montana. The Sustainability Coordinator will work with both students and members of the campus community and serve as a liaison between these two groups. The Sustainability Coordinator will work closely with the Sustainable Campus Committee to develop a comprehensive action plan for The University of Montana based on American College and University President’s Climate Commitment, the 20x10 Initiative, and other University initiatives. The Sustainability Coordinator will be responsible for initiating educational outreach campaigns aimed at generating student involvement in the University’s sustainability efforts. The Sustainability Coordinator must be a current graduate student at The University of Montana.
