RESOLUTION TO SUPPORT INCREASE IN STUDENT HEALTH SERVICE BOND

Whereas, the ASUM approved last year a Student Health Service building fee of $5.75 per semester for seven years to generate one million dollars toward a two million dollar building expansion/renovation, and

Whereas, the architectural firm of O'Neill and Zimmet have recommended a change in design from a simple extension to significant internal renovation plus a moderate expansion south and west, and,

Whereas, the design proposed by the architects would significantly improve efficiency and cost-effectiveness of the Student Health Service, and,

Whereas, an additional $900,000 would significantly improve the project and enable the Student Health Service to better serve the needs of the growing population of The University of Montana,

Therefore, be it resolved that the ASUM does hereby support an extension of the Student Health Service building fee of $5.75 from seven to fifteen years.
