ASUM Senate Minutes  
February 7, 1990  
Mount Sentinel Room

Chairman Cate called the meeting to order at 9:10 p.m. Members present were Senators Behr, Berg, Bernardini, Byars, Dahlberg, Gay (9:17), Hummel, Lenhart, Moran, Price, Sebald, Sliter, Smith, Warden, Wilkinson, President Aylsworth, and Business Manager Pouncy.

Approval of Minutes

Sebald - Berg moved to approve the minutes of the January 31, 1990, meeting as written. Upon vote, the motion passed.

President's Report

1. Aylsworth introduced Larry Watson from the Alliance of Disabled Students at the University of Montana. Mr. Watson discussed the Office of Civil Rights report for the University of Montana. On every major issue that they filed a complaining on, they won. He personally feels that the lack of services is the most important issue. There is a lack of interpreters for the deaf people and a lack of physical access to buildings. The Office of Civil Rights found the same problems in 1984 and the University Administration did not do anything about that report. The student body and especially ASUM must act as watchdogs over that administration. Mr. Watson stressed that the resolutions ASUM has passed are a good step and we must continue this and keep supporting ADSUM. He feels the ASUM Senate has done a remarkable and responsible job and he thanked them for their support.
2. Aylsworth introduced Galen Hollenbaugh who is on the Presidential search committee. The committee has finished the job description and the qualifications. So far, twenty-six applications have been received and there have been thirty-six nominations. The students on the committee had a major victory in changing a statement that "the president shall have open communications with the students through the Dean of Students". They got the "through the Dean of Students" struck.
3. Aylsworth announced that the Governor's Commission for Higher Education in the 90s will be on campus tomorrow. He stated that Marcus Courtney from the College Democrats will address goal setting, Larry Watson from ADSUM will address the needs of disabled students, Tracie Bernardini from the UM Advocates will address quality of education, and Lynn Israel and Doug Wagner will address Non-traditional needs. Aylsworth and John Crocker will discuss telecommunications as a cheaper way increasing accessibility for the universities and to project a better image. They also will discuss the trade off between quality and quantity.
4. Aylsworth announced that a Housing Round Table exists. There is not enough housing for students so the city has established a board to help look into ways to alleviate the problem.

Vice President's Report
