Peephole - Safety Resolution

Sponsored by: Tracie Bernardini

Whereas, the University of Montana has at least one patrolman and at most two patrolmen to monitor activities on the UM campus, Family Housing, and Fort Missoula during any one shift (note: this is well below the national average of one patrolman per 1,500 people), and;

Whereas, there is no way of knowing who may be knocking at a door due to the lack of a peephole, chain or other security device, and;

Whereas, it is possible to forcibly enter into a room once the door is ajar.

Therefore, be it enacted that:

ASUM and the University of Montana look at ways to increase the security of residents in UM Housing (dorms, family housing, etc.). Suggestions include:

1. Peepholes
2. Chains for dorms
3. Button warning system
4. Self defense programs
5. Increase in patrolmen and night watch persons
