President's Report

a. Ken Stolz, Director of Campus Services, gave a report on the suggestion by a faculty member that bicycles be banned from campus. As Missoula is one of the top cycling areas in the nation, banning bikes does not seem a logical thing to do. A committee composed of faculty, staff, city officials and bike organization members met and suggested the alternative to a ban be that rules be set up and enforced - bikes and skateboards only to be allowed on streets and sidewalks where allowed by law, speed to be kept to twice walking speed, for instance. Enforcement is difficult, making education on proper bike behavior necessary and possibly necessitating incentives to encourage this - modify sidewalks by widening, covered facilities for bikes at campus entrances. Stolz suggested many options be tried before considering banning bikes.

b. Applications for Kaimin Editor and Business Manager are available in the ASUM office. They are due by 5 p.m. Wednesday, May 16.

c. Warden suggested senators attend some of the presidential search meetings to experience the process and hear candidates' ideas about the University.

d. The following Publication Board candidates were presented for ratification: Julie Kuntz, Ed Zink, Marlene Melhoff, Doug Hyland, Todd Diesen and alternate Ken Karl. Hummel - Rapp moved to approve. Upon vote, motion passed.

e. Maze Daze activities are going well and raising a substantial amount of money for Phoenix.

f. Pat Edgar, faculty advisor for the Senate, apologized for his absence at meetings due to campaign activities and affirmed his desire to remain as advisor.

Vice President's Report

a. No committee appointments.
b. Hinshaw yielded the floor to Alvin Jenkins, who spoke as a member of the Financial Aid and Scholarship Committee. He asked for input on whether student awards should be bigger and serve fewer students or smaller to give more students the opportunity to receive monies. Suggestions were that the awards should be broad-based to benefit as many students as possible and that larger awards be tied heavily to academic performance. Jenkins stated that the committee would work to decrease requirements tied to awards offered by specific organizations in the community.

Parking Fee Increase Resolution

Sponsored by: Chris Warden

Whereas, the parking problem and the issues surrounding it have been a large concern to students here at the university.

Whereas, the proposed fee increase of $9.00 for the next fiscal year (90-91) will provide the necessary revenues needed for maintenance and future development of parking areas on campus.

Whereas, currently revenues from the parking fee are inadequate for future maintenance projects.

Therefore, be it resolved that

the ASUM Senate approve the $9.00 parking fee increase for student, faculty and staff parking decals. This increase is approved exclusively for the '90-'91 school year. The additional monies from the increase are to be spent in a way that best follows the longterm building plan presented to the ASUM Senate at its April 25, 1990 meeting.

RE: UC Fee Increases

ASUM Student Union Board was requested to approve a recommended $4.00 increase in the UC fee. It was also suggested that SUB could earmark where the money was to be spent. In looking at the financial and physical needs of the UC, SUB would like to make the following recommendation:

That the UC operating fee be increased from $20.00 to $21.00. The UC Student Union Fee be increased from $13.00 to $14.00. It is felt that this increase would be adequate to cover the projected deficit in UC operations.

It is also recommended that an additional $3.00 fee be collected and be put into an revenue account labeled UC Capital. The use of these monies would be at the sole discretion of SUB with ratification by the ASUM Senate. These monies would be dedicated to capital needs within the University Center, with the possible exceptions being loans to the UC operating fund and loans to other Auxiliary areas for capital needs. The terms for these loans would be negotiated on an individual basis as the need arose.
