Course Objectives: This special topics course is focused on developing natural resources field techniques through experiential learning at the College’s Lubrecht Experimental Forest. Our objective is to provide classroom lecture and experiences at the College Forest that introduce students to orienteering, map reading, GPS, tree measurements, fire and fuels management, recreation, human dimensions, hydrology, wood products, and the careers possible with a CFC degree. Lessons will be conducted in coordination with Lubrecht Managing Forester Frank Maus, CFC faculty, UM Alumni and other natural resource professionals from around Montana.

Required Text: None

Requirements: Students must attend all class sessions, unless pre-approved. During the Friday field trips and weekend at Lubrecht we will often be outside. Students must come prepared with proper clothing given the expected weather forecast (e.g., boots, warm clothes, hats/gloves, rain gear). Temperatures can be significantly cooler at Lubrecht and students should plan accordingly. We will also be “camping” at Lubrecht. Students are responsible for any overnight gear/toiletries, etc., including sleeping bags. Food will be provided – students must inform instructors and Lubrecht staff of any food allergies/intolerances. All necessary equipment will be also provided; students are responsible for wearing/using all safety gear at all times (e.g., hard hat).
Course grading: This course is offered for traditional letter grade – it is not offered under the credit/no credit option.

This course will be graded on the following grading scale:
93-100 (A), 90-92 (A-),
87-89 (B+), 83-86 (B), 80-82 (B-),
77-79 (C+), 73-76 (C), 70-72 (C-),
60-69 (D),
<60 (F)

Grades will be assigned based on the following rubric:

Attendance/Participation: 40%
Group Exercises: 40%
Final Paper: 20%

Accessibility: This course is accessible to and usable by otherwise qualified students with disabilities. To request reasonable program modifications, please consult with the instructor.
