MISSOULA--Work is about one-third completed in remodeling of the west bleachers
of Dornblaser Stadium on the MSU campus, University maintenance officials have
announced. Workmen currently are installing new seats in the 4500-seat bleachers, and
construction of a new press box in the structure will start in the near future.

Also on the remodeling slate are a new concessions stand underneath the bleachers
and a much-needed paint job. Toilet facilities also will be added if funds permit.
Assistant Buildings and Grounds superintendent H. L. Torgrimson said the whole job
should be completed "in plenty of time" prior to MSU's first home grid tussle this
fall, scheduled Sept. 24 against Utah State University.
