JOUR 100 - Introduction to Mass Media
Syllabus - Fall 2009 (subject to change)

Scope: This is a survey course of the eight mass media—newspapers, magazines, books, television, radio, movies, audio recordings, and the World Wide Web—plus the media’s major “fuelers”—advertising and public relations. The course traces the historical development of mass media into the multi-billion dollar industries they are today. It also deals with issues facing the media today, including media literacy. JOUR 100 begins the core for pre-journalism and pre-RTV majors who plan to apply for admission to any of the four options of the UM School of Journalism’s professional program. The course is also valuable for students of any major because you will become better informed media consumers.

Grading options: This course must be taken for a traditional letter-grade. No credit grading is not permitted. The Montana University System’s plus/minus grading system will be used in this class.

Class meets Tuesdays and Thursday, 9:40-11:00 a.m., in GBB 106.

Frequency of Offering: This course is offered autumn and spring semesters.

Instructor: Lee Banville, Assistant Professor, School of Journalism.

Examinations occur on October 13, November 10, and December 15. Midterm 1 covers the course up to that date. Midterm 2 covers the course since Midterm 1. The final covers the remainder of the course. Exams cover lecture material, including main points from the video clips shown in class, plus corresponding textbook chapters. Exams are machine-graded multiple-choice.

Successful Jour 100 students will:

- Demonstrate an understanding of how and why the eight mass media developed, and the roles they have played in history, culture and democracy.
- Demonstrate an understanding of the importance of journalism in a free society.
- Develop a clearer understanding of political, ethical, business and cultural issues affect and affected by journalism.
- Analyze the historical, cultural and political impact of selected readings, photographs and audio, video and film clips.
- Develop media literacy through critical thinking.
Course Grading is made up of three finals and five in-class attendance/writing assignments:

- Attendance .................................................. 12.5%
- First midterm exam ........................................ 25%
- Second midterm exam .................................... 25%
- Final exam (Parts A & B) ............................... 37.5%

A/A- .......................... 90-100%
B+/B/B- .................... 80-89%
C+/C/C- .................... 70-79%
D .............................. 60-69%
F ................................ Below 59%

No student may pass the course without taking all three exams.

Attendance and participation: Come to class and stay for the entire class period. We cover vast amounts of material. A good portion of each lecture is video material that cannot be repeated. Most video clips shown in class are not available in the library. Several times during the semester I will give you short, topical writing assignments that will count toward your attendance grade. I will not announce the dates of these assignments in advance. You will have about ten minutes to complete the assignment. Be sure to write legibly and put your name on each assignment. If you have questions, talk to me after class, visit during office hours, or email or telephone me personally.

Laptop Computers: GBB 106 is perfect for laptops although there are no AC plug-ins at your seats. Feel free to bring your laptop for taking notes.

Cell phones must be off or on vibrate while you are in class and must be off and totally out of your sight during examinations. Do not answer a call during class.

Academic Honesty
I expect your honesty in presenting your own work for this course. Academic misconduct at The University of Montana is subject to an academic penalty ranging from failing the assignment to expulsion from the university. Students need to be familiar with the Student Conduct Code.
