FOR IMMEDIATE RELEASE

The Montana Data Processing Association will hold its spring meeting at Montana State University on May 9, it was announced by Tom Leik, of the Montana Fish and Game Department and president of the association.

The all-day session will include discussions of automated banking systems, applications of computers in the nuclear field, computer use by the United States Forest Service and new developments in data processing. Specialists from the USFS, Mountain States Telephone Co., Great Falls National Bank and the Phillips Petroleum Co. will be heard. The meeting will conclude with an open house at the new Montana State University Computer Center.
