Intro to Non-Linear Editing
MAR 112A.02
Mixed Course
Tuesday 9:10-10:30
McGill Hall Rm. 127
Instructor: Aaron Roos

E-Mail: aaron.roos@umontana.edu

Office Hours: As an Grad Instructor, I have no office, but I have set aside time throughout the semester to answer emails. Typically I can get back to most emails within 24 hours. If you are having an emergency with something class related and cannot get a hold of me, please contact the Media Arts Office at 406.243.4540 and ask if they can locate me.

I am happy to set up specific meetings with students as needed.

“What makes a movie a movie is the editing.”
- Zach Staenberg, editor of The Matrix films

Course Description:
Editing is one of the most often misunderstood aspects of filmmaking. In this class we will strive to study both the history and practice of movie editing through class discussions, exercises with technology and theory, assignments, and exams.

COURSE MATERIALS:

Required Text: "In the Blink of an Eye" by Walter Murch (2nd Edition)

It is also recommended that you get an External Hard Drive for this class for Media Storage and the like.
Course Films:
In this class you will be required to watch 3 films. The films will be watched outside of class so it will be your responsibility to procure them and watch them when they are assigned.
1. Inception (2010)
2. Hugo (2011)

Course Expectations:

Students will develop the abilities to...
• Articulate theories and practices of editing both written and verbally.
• Understand the history of editing and the role of editors in the history of cinema.
• Critically Analyze films and scenes in films for theories and practices of editing.
• Prove basic competency in a non-linear editing software.

Course Requirements:
There are 200 points possible in this class. These points are divided into four categories.
1. Online Discussions
2. Weekly Assignments
3. Exams and Quizzes
4. Projects

Grading Guidelines:
I have sought to make grading as clear as I can. If you have any questions, please contact me.

1. Online Discussions.
The Forum Discussions will be graded thusly:
• Participation – you will be required to make a certain amount of posts for each discussion as well as a certain amount of responses. Each discussion will list the requirements for participation at the start.
• Vocabulary – You will be expected to communicate your ideas using terms and ideas we have discussed in readings, assignments, and lectures.

2. Weekly Assignments.
You will be expected to complete the assigned exercises and projects within the given dates (usually a 7 day period). Each assignment is different but all of them are exercises used to gauge your understanding Editing Theory and software.
• Completion – The assignments will be made available for a certain amount of time on Moodle and you will have until the Units are taken offline to complete them. Everything will be submitted on Moodle OR through Email. It will be clear in each assignment how that assignment should be submitted.

3. Exams and Quizzes.
There are various quizzes and exams in this class. Each one will be timed and will test you on a wide variety of elements in the class. First and foremost, you will be tested on the readings and have exams on History and Theory discussed in our online forums.

4. Projects
There are five software-based editing projects. Each project will measure your ability to understand ability to work with software to create very small movies.

HOW TO SUCCEED IN THIS CLASS

1. **Visit this Moodle Page several times per week.** Make sure you check for all recent announcements and DOUBLE CHECK that you have turned in all assigned work before the deadline.

2. **Devote time to your work.** Not only should you be committing to THINK about what you write, but you should also proof your work before you turn it in to me. If I can't understand what you've written, then you won't get a grade for it.

3. **Contact the instructor.** Never feel as though you are bothering me with emails. It is my responsibility to answer your emails and help you with problems relating to this class, but it is **YOUR** responsibility to ask the questions.

*All students must practice academic honesty. Academic misconduct is subject to an academic penalty by the course instructor and/or a disciplinary sanction by the University. All students need to be familiar with the Student Conduct Code. The Code is available for review online at http://www.umt.edu/SA/vpsa/index.cfm/page/1339*
