Spring 2016 Office hours:
MTWR 7:30-8:00 AM (until 02.18.15, then TWR 7:30-8:00 until 3.25.15, then TR 7:30-8:00 AM)
MW 11:10 am-12 noon until 02.18.15
TR 9:30-10:30
Others by appointment, best arranged by email.

Required Text/Resources:
Chapter 2 and portions of chapters 3 and 4 from Intermediate Accounting, 7th Edition, Spiceland, Sepe, Nelson & Tomassini (McGraw-Hill) This is the book being used in ACTG 305. This selection is available on Moodle.
Chapter 2 and portions of chapter 3 from Accounting Information Systems, 12th Edition, Romney & Steinbart (Prentice Hall) (not included in the ACTG 321 custom book.) This selection is available on Moodle.
Texas Instruments BA II Plus or Texas Instruments BA II Plus Professional (You should have already purchased this calculator in ACTG 201.)

Optional Text: Useful throughout your Accounting courses and may be required in some courses.
Effective Writing: A Handbook for Accountants, 8th Edition, May & May (Pearson/Prentice Hall)- this book will be used as a reference in this and all other accounting courses in the curriculum.

Prerequisite: ACCT 201 This course can be taken as soon as ACTG 201 is completed with a C or better. It must be taken no later than the semester in which you take ACTG 305 or ACTG 321, whichever comes first. Non-accounting business majors enrolled in ACTG 305 or ACTG 321 MUST also co-enroll in ACTG 203 (this course.)

Grading: Your course grade will be based on the following

Textbook Review Portion
Homework 4%
Quizzes (highest 3 out of 4) 6%
Exam 1 25%

SUA Portion
Systems Understanding Aid (SUA) - documentation/completion 35%
Mini Finals 1,2,3 Systems Understanding Aid (SUA) 30%
Total 100%

The course will be graded using +/- grading.
This course can only be taken for a traditional letter grade.
Course grades are not negotiable, regardless of the consequence of the grade you earn.

Bonus points: Complete and receive full credit on all 4 homework(Review portion) +1%
Neatness on SUA +1-3%
Penalties: 3 unexcused absences and/or tardies -10%
4 or more unexcused absences and/or tardies fail

Class Attendance
Attendance Let’s make this easy – you must come to every class. Be there the whole time. Be prepared. Attendance will be taken every day, sometimes through a short quiz. If you arrive late, leave during class, or leave early, you are marked absent. If you take the quiz and then leave early, I will not count your attendance, quiz, or homework for the day. This course only has 12 class periods, excluding the two exam days. Thus, students missing more than 3 class periods (20% of the class) will not only lose the quiz points and homework points, but they will have their overall course grade reduced a full letter (e.g. B- becomes a C-). Students missing 4 or more classes will fail the class. The only “excused absence” is missing class due to military service, mandatory civil service (e.g., jury
duty), mandatory UM business (e.g., athletics, research conference), extended hospital stay, or doctor’s orders to be homebound for more than a week. All excused absences must be documented. Just because you talk to me about an absence does not make it excused.

**Homework** The first six class periods, we will focus on the accounting cycle through lecture, homework, quizzes and a test. Homework is due every day except the first day so you have 4 days of homework assignments during the first part of the course (for 4% of your grade). Assigned homework is only collected in class (never via email) and **BEFORE** class starts **ONLY**—no exceptions—so arrive on time. Please **bring a copy of your homework** to retain while we review solutions the day it is due. Homework is graded for completion, so just do your best. But if you do not do or seriously attempt a problem, you will lose credit. Homework is worth 2 points each.

**Quizzes:** You will have a short quiz every day of the **Review Portion** (same days homework is due.) I will give you some idea of what will be on it. The purpose is to reward you for being prepared and in class. Because I know things come up, you will be allowed to drop one—for any reason at all. So there are no makeups for quizzes unless it is for one of the very rare excused absences listed in the attendance policy.

Use your “free” quiz and attendance wisely so life’s unexpected hiccups don’t cost you the course.

**Exams** Exam 1 will be a traditional closed-book exam focused on problems and concepts. I will post a review sheet in Moodle. Mini finals 1,2,3 cover the SUA (see below), and you will use your SUA to look up the answers. I do not curve exams.

**Systems Understanding Aid SUA** This is a **COMPREHENSIVE** practice set that requires students to prepare and process business documents, records transactions in journals and ledgers, prepare adjusting entries, and prepare financial statements in proper form. It is an **EXTENSIVE** practice set requiring up to 30–40 hours outside of class to complete. Note carefully the schedule for working on the SUA; the majority of the work will be done outside of class. If you procrastinate on this project, you are unlikely to be successful in this course. In class on February 17, I will go over all the instructions and give you the transaction list for this semester (it changes every semester). In class, you will work freely on your SUA project and the Mini finals 1 & 2 will be sometime during the class period. **You will not get credit for attending if you do not bring your packet and work on it.** Note that we will be in the lab on some of these days so that students nearing the final stages of the project can be working in Excel. This project is such that if you get hung up, it may be difficult to continue. If you do something wrong, you may not realize it until near the end. The formula for doing poorly on the SUA is to procrastinate. If you procrastinate on this project, you are unlikely to be successful in this course. After February 17, BRING PACKET TO EVERY CLASS. **If you attend without a packet to work on, you will be counted absent.**

**Professionalism:** Accounting and finance are business professions where professional behavior is expected at all times. While I do not expect you to dress professionally, you must act professionally. Failure to meet my expectations in this regard may impact your grade a single step (e.g., marked down from a B to a B–). Professionalism includes:

- attending class prepared for the day’s topic
- being prompt for class
- staying in the classroom for the entire class period
- submitting assignments on time
- treating all email correspondence as professional communications
- refraining from disruptive behavior during the class period
- not reading other materials (e.g., the Kaimin) during class
- leaving your cell phone turned off and put away at all times—no texting!

**Email:** According to University policy, faculty may only communicate with students regarding academic issues via official UM email accounts. Accordingly, students must use their GrizMail accounts (netid@grizmail.umt.edu or f_name_lname@umontana.edu). Email from non-UM accounts will likely be flagged as spam and deleted without further response. Whenever communication between instructor and student occurs outside class, it will usually be through email. Thus the student should check his/her email account DAILY.

**Drops:** Note that ACTG 203 is a co-requisite of ACTG 305 & 321. If you wish to stay enrolled in ACTG 305 and/or 321, you must remain enrolled in ACTG 203 for the entire term (You cannot drop ACTG 203 after it is done and stay in ACTG 305 and/or 321.)

**Students with Disabilities:** This course is accessible to and usable by otherwise qualified students with disabilities. To request reasonable program modifications, please consult with the instructor. Disability Services for Students will assist the instructor and student in the modification process. For more information, visit the Disability Services website at [http://www.umt.edu/disability](http://www.umt.edu/disability).

**All students must practice academic honesty.** Academic misconduct is subject to an academic penalty by the course instructor and/or a disciplinary sanction by the University. The University of Montana Student Conduct Code specifies definitions and adjudication processes for academic misconduct and states, “Students at the University of Montana are expected to practice academic honesty at all
times.” (Section V.A., available at [http://www.umt.edu/vpsa/policies/student_conduct.php](http://www.umt.edu/vpsa/policies/student_conduct.php). All students need to be familiar with the Student Conduct Code. It is the student’s responsibility to be familiar the Student Conduct Code.

Grading Option – This course must be taken for a letter grade. CR/NCR is not an option. Incompletes are not given unless a very late emergency completely out of student control arises for a student doing passing work to that point.

Make-up Work – I do not offer the opportunity to make-up missed points of any kind unless it is one of the very rare excused absences, appropriately documented. Late work is missed work and results in a zero.

Secret to Success in ACTG 203:

I can predict a student’s success based on four key factors, regardless of their GPA:

1. Preparedness for class – not just doing homework, but READING the material.
2. Showing up for class – literally and figuratively
3. Asking me questions – there is absolutely no stupid question or a question I won’t answer 15 times if I have to. Come by during office hours. I won’t do your work for you, but I will explain it as many times as I need to. One of the reasons this class was created was to get every student set up for future success, instead of leaving lost students behind.
4. Not procrastinating on the SUA – it is a LONG project, but you are given six full weeks to do nothing in this class but the SUA; the lowest grades are ALWAYS earned by those who crack it open just days before it is due.

Attention Juniors (60-90 cr): Please be sure to attend one of the mandatory bystander intervention trainings. The University has worked hard over the past few years to help ensure that students have the information and tools they need to stop, prevent, and address the effects of sexual harassment, including sexual assault, discrimination, and retaliation. We know that bystander intervention training is an effective prevention tool and will be useful not only at UM, but as you enter your careers. You must complete this training prior to registering for fall 2016. Sophomores can complete the training now and not have to repeat it next year. A list of scheduled trainings is posted at: [www.umt.edu/safety/training/bystander](http://www.umt.edu/safety/training/bystander).

**School of Business Administration Mission Statement and Assurance of Learning**

**Mission Statements and Assurance of Learning**

The University of Montana’s School of Business Administration enhances lives and benefits society by providing a world-class business education in a supportive, collegial environment.

We accomplish this mission by acting on our shared core values of creating significant experiences, building relationships, teaching and researching relevant topics, behaving ethically, and inspiring individuals to thrive.

As part of our assessment process and assurance-of-learning standards, the School of Business Administration has adopted the following learning goals for our undergraduate students:

Learning Goal 1: SoBA graduates will possess fundamental business knowledge.
Learning Goal 2: SoBA graduates will be able to integrate business knowledge.
Learning Goal 3: SoBA graduates will be effective communicators.
Learning Goal 4: SoBA graduates will possess problem solving skills.
Learning Goal 5: SoBA graduates will have an ethical awareness.
Learning Goal 6: SoBA graduates will be proficient users of technology.
Learning Goal 7: SoBA graduates will understand the global business environment in which they operate.

In addition, the Department of Accounting and Finance prepares ethically aware decision makers with effective analytical and qualitative business knowledge and skills to become professionals in their respective fields. We commit to high quality teaching and applying scholarship to professional practice and theory.

The undergraduate accounting program is committed to preparing students to apply accounting and business knowledge in organizations. The accounting faculty have adopted the following learning goals for our undergraduate accounting students:

Learning Goal 1: Accounting majors will possess fundamental accounting knowledge. ***
Learning Goal 2: Accounting majors will be effective writers.
Learning Goal 3: Accounting majors will critically analyze and solve problems, using technology where appropriate.
Learning Goal 4: Accounting majors will understand the importance of ethics to the accounting profession and demonstrate ethical decision making.

***Targeted learning goal for ACTG 203
