**HOMEWORK:** Reading assignments and problems will be assigned each day. Homework is due the class period for which it is assigned. We will go over homework in class, but you should complete it before class, so that you can get maximum benefit. The nature of accounting is such that each new concept builds upon the previous one. The best way to approach this class is to read the assigned pages, listen to the lecture and then reread it to do your homework. Be sure to go over the module summary, found at the end of each module.

**ATTENDANCE:** You are expected to come to class. Starting with the 3<sup>rd</sup> class day I will take daily attendance and assign a maximum of 50 points as an evaluation of attendance. If you miss no more than **4** class days, you will receive 50 points for attendance. You will lose 1 point for each day you miss in excess of the four allowed absences.

**MAKEUP TESTS:** Tests may not be made up unless prior arrangements are made. You must take the makeup test the day you return to school. **Let me stress that there are no exceptions to this - if there's a problem, call and leave a message or you have lost the chance to take that particular exam.**

**EVALUATION:** The quiz, tests, practice set, and attendance will given point values. The total points earned will be divided by the total points available to determine grades. The points available are as follows:
