COURSE DESCRIPTION: An introduction to the world of business. Includes the American business systems, capitalism, and the economic environment. Examines the types of business organizations, management, marketing, production, labor, financing, and business/governmental regulations. Focus is on the entrepreneurial business person global competition.

STUDENT PERFORMANCE OUTCOMES:

Upon completion of this course, the student will be able to:

1. Distinguish types of economic systems such as capitalism, socialism and communism.

2. Distinguish types of business ownership systems such as sole proprietor, partnership, and corporation.

3. Understand international business including balance of trade and trade barriers.

4. Apply concepts of social responsibility in relation to business ethics, environmental concerns, and equal opportunity in employment.

5. Demonstrate understanding of entrepreneurship, small business startup, and franchises.

6. Apply concepts of management including motivation, human resources, and union relations.

7. Apply concepts of business financial control including accounting, banking, management, budgets, and investments.
8. Apply marketing concepts including product, pricing, promotion, wholesaling, retailing, and distribution.

STUDENT PERFORMANCE ASSESSMENT METHODS AND GRADING PROCEDURES:

Homework, tests, projects, and in-class assignments will be given point values. Total points earned divided by total points possible will represent the percentage grade.

Grading Scale
A  93 - 100
B  86 - 92
C  79 - 85
D  70 - 78

ATTENDANCE POLICY: It is expected that students attend class. In-class group activities cannot be made up. Assignments must be submitted to the instructor by the stated time and due date. Late assignments will be dropped one letter grade. Make-up tests are not offered unless prior arrangements are made.
