Historic Preservation

Course #: HPRV 400
Time: Tuesday and Thursday, 3:40-5:00
Room: SS 252
Instructor: Mike Monsos
PARTV Building Room 192
243-5138 office 240-9194 cell
michael.monsos@umontana.edu
Office Hours: M-8-10, T 11-12, R 10-11

Text: Historic Preservation, an Introduction to its History, Principles and Practice, by Norman Tyler
Numerous hand-outs on Moodle and in class

Other Texts: (not required, but good to have)
- A Field Guide to American Houses by Virginia & Lee McAlester
- The Abrams Guide to American House Styles by William Morgan
- American Shelter by Lester Walker
- The Houses We Live In. Edited by Jeffery Howe
- Utah’s Historic Architecture 1847-1940: A Guide by Thomas Carter and Peter Goss
- A Concise History of American Architecture by Leland M. Roth

Materials Needed: Camera, flash drive.

Course Outcomes:

Upon completion of this course, students will be able to:
- Articulate a philosophy of historic preservation and a preservation ethic.
- Understand the Historic Preservation movement throughout its history and how it has worked to protect and interpret the past.
- Articulate the relative responsibilities for historic preservation among federal, state, and local governments.
- Recognize and understand the various preservation advocacy groups and their organizational structures at local, regional, state and national level.
- Understand the process of identification, documentation and protection of historic properties and sites.
- Research historic properties as a means to understand the meaning of place and historical significance.
- Build connections to active players in Historic Preservation in Montana.
Course Description:

This course is intended to provide a comprehensive foundation to historic preservation practice and issues. Topics include the history and theory of the American historic preservation movement, identification and documentation of historic properties, preservation technology, strategies for conservation of historic resources and a critical examination of the philosophy and principles of preservation.

Assignments:

There will be a series of research and writing assignments over the course of the term along with daily reading assignments for all students along with a final project. The writing assignments will be based the reading and the lectures.

Additional Graduate Requirement

Graduate students will need to complete an additional research project which could include: the documentation of an historic structure, a National Register nomination, a house, building, site, or neighborhood history, a preservation technology project or internship, etc.

Grading:

Grading will be based on total points earned on papers, class participation and final projects. The plus minus system will be used with a total of 600 points possible over the class. The first 10 writing/photography assignments are worth 50 points each, with the final assignment worth 75 points. Attendance and class participation are worth 25 points.

93-100%  A  (558-600 points)
90-92%  A-  (540-557 points)
88-89%  B+  (528-539 points)
83-87%  B  (498-527 points)
80-82%  B-  (480-497 points)
78-79%  C+  (468-479 points)
73-78%  C  (438-467 points)
70-72%  C-  (420-437 points)
68-69%  D+  (408-419 points)
63-67%  D  (378-407 points)
60-62%  D-  (360-377 points)
59% and lower  F  (359-lower)
Attendance policy:

Attendance is extremely important; it is assumed students will attend all classes. If a class is going to be missed, please contact the instructor and make arrangements for making up the work. Each unexcused absence where a student makes no attempt to make up work or does not do the assigned make-up will result in the drop of ten points from the student’s total grade.
Date
Tuesday, January 26th

Topic
Introductions and “History of Preservation”
This class will provide an introduction to and a brief history of the defining moments of historic preservation efforts in America, the National Historic Preservation Act of 1966, along with a “basic lay of the land” of the major players in historic preservation.

Powerpoint- HP Introduction

Reading Assignment #1

Please read:
- Chapters 1-2 in Historic Preservation by Norman Tyler
- Historic Preservation: The Process and the Actors by Robert E. Stipe
- The Future of the Past: Our Clouded Vision of Historic Preservation by Pierce F. Lewis
- The Federal Government as Standard Bearer by John M. Fowler

Writing Assignment

None
Date
Thursday, January 28th

Topic
Discussion on the readings and lecture from January 26th.

Reading Assignment
None

Writing Assignment
Please write a 2-3 page paper on what role you foresee historic preservation playing in your future plans, both vocationally and as an avocation. Please reference any thoughts, comments, or statements from the readings that have particular significance or that influence your thoughts in any way. The paper should be typed, double spaced and is due on February 2nd.
Date

Tuesday, Feb 2\textsuperscript{nd}

Topic

“Architectural Identification”

\textit{This class will address how to correctly identify architectural styles and types.}

\textbf{Powerpoint- House Identification}

\textbf{Reading Assignment #2}

Please read:

- Read Chap 6 in \textit{Historic Preservation} by Norman Tyler

\textbf{Writing Assignment #2}

Venture out into one or more of our historic districts and photograph 7 historic (more than 50 years old) homes or buildings, capturing as many styles as you can. Photos must be saved on a flash drive and brought to class on Feb 9\textsuperscript{th}.

\textbf{Name each image with its address such as: 256 University Ave Missoula.jpg}
Date
Thursday, Feb 4th

Topic
“Architectural Identification”
*This class will focus on house styles in the Missoula area*

Powerpoint- Missoula House styles amended

Date

Thursday, February 18th, 2016

Topic

“Secretary of Interior Standards and Design Guidelines”
Guiding principles of the Secretary of Interior standards and how they are applied along with topics including design compatibility and historical reference in new construction.

Pete Brown—guest lecturer
“State Preservation Process-SHPO, National Register, Section 106”

Kate Hampton—guest lecturer
This class will cover processes within the State Historic Preservation Office such as National Register, survey and inventory, federal tax incentives, public education.

Reading Assignment #4

Please read:

- Secretary of the Interior Standards for Preservation, Rehabilitation and Restoration handouts (from National Park Service website) http://www.nps.gov/tps/standards.htm Be sure to read both the standards and guidelines for each of the four treatments (click on Preservation, Rehabilitation, Restoration and Reconstruction from this web page to access the standards and guidelines)
- Preservation, Restoration, Conservation. by James Marston Fitch
- Scrape and Anti-Scrape by Nikolaus Peusner

Writing Assignment #4

Find a building in Missoula that has had, in your opinion, poor preservation or restoration work performed on it. Please write 1-2 pages on why you feel the work was an example of poor historic preservation practice. Please also find a building that has had, again in your opinion, has had exemplary preservation or restoration performed and write an additional 1-2 pages on why you feel it is a shining example of historic preservation. This paper should be typed, double spaced and is due on Feb 23rd. Please include photos and addresses for both structures and be prepared to present the photos to the class along with your justifications.
Date
Tuesday, February 23rd, 2106

Topic
Presentation of pictures and justifications of the preservation practices.

“More Economics Benefits”
This class will discuss the readings from March 10th, and examine parallel organizations that share philosophies with preservation and additional economic resources.

Reading Assignment

None

Writing Assignment #7

Choose an historic building from Missoula’s downtown neighborhood that is at this point in need of preservation or rehabilitation and write a 1-2 page paper outlining your case towards the preservation or rehabilitation of this structure. The paper should focus on the economic benefits and be written as though you are making your case towards a governmental agency which is made up of individuals completely unaware of historic preservation. Your paper should be typed, double-spaced and is due on Mar 29th.
Date
Thursday, March 24th

Topic
“Researching Historic Properties”
Ellen Baumler-guest lecturer
This class will cover the use of primary tools of research such as census info, Sanborn maps, and Polk directories.

Reading Assignment #8

Please read:

- Read Chapters 5 in *Historic Preservation* by Norman Tyler
- Read *How to Apply the National Register Criteria for Evaluation*
- Read *Making the Honor Roll, Does your House belong on the National Register of Historic Places?* By Shirley Maxwell and James C. Massey

Writing Assignment #8

Find a building in which you have a familiarity and write a narrative statement of significance using one of the four criteria. The structure does not have to be on the National Register already, but should be eligible (in your estimation) for the NR under one of the criterion. The paper should be typed, double spaced and is due Mar 22nd.
Date

Tuesday, March 29th

Topic

“Section 106” and legal analysis of the Historic Preservation Act

Kathryn Ore, guest lecturer

This lecture will cover the process, decisions, legalities and impact of the Historic Preservation Act of 1966’s Section 106 review.

Viewing and discussion of assignment #3

Reading Assignment #9

Please read:

- Great Falls Arterials Report
- Read A Brief Look at section 106 Review
- Read What is “Section 106 Review”
- Chapter 4 Historic Preservation by Norman Tyler

Writing Assignment #9

None
Date

Thursday, March 31st

Topic

“Why and What Should We Preserve?”

Steve Adler - guest lecturer

This section will focus on preservation philosophies and the measurement of significance.

Powerpoint-HP Preservation Philosophy

Reading Assignment #10

Please read:

- *What Do We Preserve and Why* by W. Brown Morton III\(^xv\)
- *How Much Is a Piece of the True Cross Worth?* by Brooke Hindle\(^xvi\)
- *Preservation-A Historical Perspective* by Charles B. Hosmer, Jr.

Writing Assignment #10

Please write a 2-3 page paper on what you see as the “value” of historic preservation. What aspects of preserving America are most important to you. Please reference any thoughts, comments, or statements from the readings that have particular significance or that influence your thoughts in any way. The paper should be typed, double spaced and is due on April 12th.
Date

Tuesday, April 12th

Topic

“Preservation Technology”

Jeff MacDonald-guest lecturer

This class will serve as an introduction to and overview of contemporary Historic Preservation technology and physical techniques employed to suspend decay of historic built environments. Topics shall include methods for critical stabilization, preservation/conservation and restoration treatments; offering specific reference to historic resources within Montana and efforts undertaken on their behalf.

Reading Assignment #11

Go to the following National Park Service website:
http://www.nps.gov/tps/how-to-preserve/briefs.htm
and read Preservation Brief 35: Understanding Old Buildings: The Process of Architectural Investigation, and two other briefs that are of interest to you.
And also please read:
- Chapter 8 Historic Preservation by Norman Tyler

Writing Assignment

None
Date
Thursday, April 14th

Topic
“Material Conservation”
Jim McDonald—guest lecturer
This lecture focuses on how to determine the preservation treatments which are part of
the Cultural Landscape and Historic structures reports.

Reading Assignment
None

Writing Assignment #11

Write a 1-2 page paper outlining how you would convince and justify the correct
preservation techniques (as explained in the briefs) to your neighbor who is working on
his or her 1918 Arts and Crafts Bungalow. Your paper should be typed, double-spaced
and is due on Apr 19th.
Date

Tuesday, April 19th

Topic

“Forest Service Preservation Technology”
Cathy Bickenheuser -guest lecturer
This class will meet at the Forest Service Preservation shop and discuss accepted preservation technology techniques in use today with the Forest Service.

Address:
1615 South Catlin Street
Missoula, MT 59801

University and School Policies

Academic Misconduct and the Student Conduct Code

All students must practice academic honesty. Academic misconduct is subject to an academic penalty by the course instructor and/or disciplinary sanction by the University. All students need to be familiar with the Student Conduct Code. The Code is available for review online at http://life.umt.edu/vpsa/student_conduct.php.

From the EO/AA Office:

Students with disabilities may request reasonable modifications by contacting me. The University of Montana assures equal access to instruction through collaboration between students with disabilities, instructors, and Disability Services for Students (DSS). “Reasonable” means the University permits no fundamental alterations of academic standards or retroactive modifications. For more information, please consult http://life.umt.edu/dss/.
